**Recommended Action**

That Council receives Town of Kingsville Accounts for the monthly period ended January 31, 2020 being TD cheque numbers 0071752 to 0072109 for a grand total of \$1,829,931.77.

**J. STAFF REPORTS**

1. **Application for Exemption from Part Lot Control by 1364674 Ontario Limited; Lots 33 to 38 and Lots 41 to 42, Plan 12M 587, 125, 127, 136, 137 and 138 Golfview Dr. and 99, 101, 103, and 105 Conservation Blvd.**

R. Brown, Manager of Planning Services

**Recommended Action**

It is recommended that Council:

Enact Part Lot Control Exemption By-law 14-2020 to allow Lots 33 to 38 inclusive and Lots 41 and 41 Plan 12M 587 to be exempt from Section 50(5) of the Planning Act, and

Direct administration to forward By-law 14-2020 and the Part Lot Control Exemption application to the County of Essex for final approval.

2. **Phragmites Control Resolution**

66

S. Kitchen, Deputy Clerk-Council Services

**Recommended Action**

That Council adopts the following motion:

‘WHEREAS *Phragmites australis* (herein referred to as “Phragmites”) is an invasive perennial grass that continues to cause severe damage to our wetlands, beaches and municipal drainage systems across Essex County;

WHEREAS *Phragmites* grows and spreads rapidly, allowing the plant to invade new areas and grow into large monoculture stands in a short amount of time, and is a plant that secretes toxins from its roots in the soil which impede the growth of neighbouring plant species;

WHEREAS *Phragmites* results in loss of biodiversity and species richness, loss of habitat, changes in hydrology due to its high metabolic rate, changes in nutrient cycling as it is slow to decompose, an increased fire hazard due to the combustibility of its dead stalks, and can have an adverse impact on agriculture, particularly in drainage ditches;

WHEREAS invasive *Phragmites* has been identified as Canada’ worst invasive plant species by Agriculture and Agrifood Canada;

WHEREAS controlling invasive *Phragmites* before it becomes well established reduces environmental impacts, time and costs;

WHEREAS according to the Ministry of the Environment, best management practices for *Phragmites* include early detection, herbicide application, mowing, compressing or rolling, prescribed burning, and controlled flooding;

WHEREAS these best management practices are most effective when used in tandem as opposed to when used as stand-alone control measures;

AND WHEREAS herbicides containing surfactants are prohibited for use in aquatic environments in Canada, meaning that municipalities are not able to fully implement best management practices;

NOW THEREFORE BE IT RESOLVED that the Federation of Canadian Municipalities calls on the Government of Canada to expedite the review of herbicide products that can be safely used in aquatic environments for the control of Phragmites in order to support local governments in their efforts to eradicate this invasive species.”

**3. Train Court Mutual Drain Agreement 76**

K. Vegh, Drainage Superintendent

**Recommended Action**

That Council authorize the Mayor and Director of Corporate Services to enter into a Mutual Drain Agreement with Ms. Anna Jugovic and 770022 Ontario Limited to allow for drain improvements to the rear yard catchment system currently servicing the upper reaches of Train Court.

**S. ADJOURNMENT**

December 16, 2019

Dear Mayor and Members of Council,

**RE: Sidewalks in the Town of Kingsville**

The purpose of this letter is to ensure that the Town of Kingsville creates a pedestrian network throughout the community that does not create barriers or impede the participation of people with a disability with respect to sidewalks, or lack thereof.

A comprehensive network of connected sidewalks is vital in the overall creation of inclusion. Residents should not be required to walk on the roadway, regardless of it being a 'quiet street' or having lesser volumes of traffic due to a cul-de-sac, any more than a person who uses a mobility device or a person who is blind and uses a guide dog or white cane. Sidewalks act as physical safety separations between vehicles and pedestrians.

Since 2017, there have been numerous requests to Council to remove sidewalks from plans of subdivision. The fact that new or existing development, homeowners, groups or area residents do not wish to have a sidewalk traverse the public easement at their property should not delay its benefits to others or its future legacy.

It should also be noted that O. Reg. 191/11: Integrated Accessibility Standards under *Accessibility for Ontarians with Disabilities Act, 2005, S.O. 2005, c. 11* sets out guidelines for Exterior Paths of Travel (i.e. Sidewalks). These standards are **requirements** and are NOT optional.

Members of the Kingsville Accessibility Advisory Committee were unanimous in their concern about sidewalks being removed from development plans as regardless of ability or disability; it is more dangerous to walk on the roadway, it costs more to construct sidewalks after the fact in the future as the dynamics and desires of a neighbourhood changes. Sidewalk benefits include: user friendly for everyone (aging population, families with strollers, young children, recreational users, etc.), sidewalks are particularly beneficial for people who are blind and use guide dogs or caning to navigate. Sidewalks connect pedestrians to parks, schools, community centres, arenas, community mailboxes, residences, places of employment and commercial areas. Their absence compromises safety and encourages people to walk on lawns and private property, or on busy streets. Sidewalks are a pedestrian network throughout the community and the members support the systematic provision for sidewalks.

Council should also be aware of the accessibility goal in the Strategic Plan that says “strive to make the Town of Kingsville a more accessible community”, and its objective to “meet the accessibility needs of the community”, are not being met.

Council is requested to understand the municipal impact that the removal, deferral or deletion of sidewalk(s) cause to all pedestrians, including people with a disability. The Committee strongly notes that today’s residents may not reside there in the years to come, but the legacy of no pedestrian sidewalk will be.

Therefore, members of the Kingsville Accessibility Advisory Committee (K.A.A.C) make the following recommendation for Council’s consideration:

**That K.A.A.C. advocates for sidewalk placement in all areas in the Town of Kingsville for reasons of safety, security and accessibility.**

Respectfully yours,

Members of the Kingsville Accessibility Advisory Committee

## EXTERIOR PATHS OF TRAVEL

### Exterior paths of travel, application

**80.21** (1) This Part applies to newly constructed and redeveloped exterior paths of travel that are outdoor sidewalks or walkways designed and constructed for pedestrian travel and are intended to serve a functional purpose and not to provide a recreational experience.

(2) This Part does not apply to paths of travel regulated under Ontario Regulation 350/06 (Building Code) made under the *Building Code Act, 1992*.

### Exterior paths of travel, general obligation

**80.22** Obligated organizations, other than small organizations, shall ensure that any exterior paths of travel that they construct or redevelop and intend to maintain meet the requirements set out in this Part.

### Exterior paths of travel, technical requirements

**80.23** When constructing new or redeveloping existing exterior paths of travel that they intend to maintain, obligated organizations, other than small organizations, shall ensure that new and redeveloped exterior paths of travel meet the following requirements:

1. The exterior path must have a minimum clear width of 1,500 mm, but this clear width can be reduced to 1,200 mm to serve as a turning space where the exterior path connects with a curb ramp.
2. Where the head room clearance is less than 2,100 mm over a portion of the exterior path, a rail or other barrier with a leading edge that is cane detectable must be provided around the object that is obstructing the head room clearance.
3. The surface must be firm and stable.
4. The surface must be slip resistant.
5. Where an exterior path has openings in its surface,
  - i. the openings must not allow passage of an object that has a diameter of more than 20 mm, and
  - ii. any elongated openings must be oriented approximately perpendicular to the direction of travel.
6. The maximum running slope of the exterior path must be no more than 1:20, but where the exterior path is a sidewalk, it can have a slope of greater than 1:20, but it cannot be steeper than the slope of the adjacent roadway.

7. The maximum cross slope of the exterior path must be no more than 1:20, where the surface is asphalt, concrete or some other hard surface, or no more than 1:10 in all other cases.

8. The exterior path must meet the following requirements:

- i. It must have a 1:2 bevel at changes in level between 6 mm and 13 mm.
- ii. It must have a maximum running slope of 1:8 or a curb ramp that meets the requirement of section 80.26 at changes in level of greater than 13 mm and less than 75 mm.
- iii. It must have a maximum running slope of 1:10 or a curb ramp that meets the requirement of section 80.26 at changes in level of 75 mm or greater and 200 mm or less.
- iv. It must have a ramp that meets the requirements of section 80.24 at changes in level of greater than 200 mm.

9. The entrance to the exterior path of travel must provide a minimum clear opening of 850 mm, whether the entrance includes a gate, bollard or other entrance design.

#### **Exterior paths of travel, ramps**

**80.24 (1)** Where an exterior path of travel is equipped with a ramp, the ramp must meet the following requirements:

1. The ramp must have a minimum clear width of 900 mm.
2. The surface of the ramp must be firm and stable.
3. The surface of the ramp must be slip resistant.
4. The ramp must have a maximum running slope of no more than 1:15.
5. The ramp must be provided with landings that meet the following requirements:
  - i. Landings must be provided,
    - A. at the top and bottom of the ramp,
    - B. where there is an abrupt change in direction of the ramp, and
    - C. at horizontal intervals not greater than nine metres apart.
  - ii. Landings must be a minimum of 1,670 mm by 1,670 mm at the top and bottom of the ramp and where there is an abrupt change in direction of the ramp.

iii. Landings must be a minimum of 1,670 mm in length and at least the same width of the ramp for an in-line ramp.

iv. Landings must have a cross slope that is not steeper than 1:50.

6. Where a ramp has openings in its surface,

i. the openings must not allow passage of an object that has a diameter of more than 20 mm, and

ii. any elongated openings must be oriented approximately perpendicular to the direction of travel.

7. A ramp must be equipped with handrails on both sides of the ramp and the handrails must,

i. be continuously graspable along their entire length and have circular cross-section with an outside diameter not less than 30 mm and not more than 40 mm, or any non-circular shape with a graspable portion that has a perimeter not less than 100 mm and not more than 155 mm and whose largest cross-sectional dimension is not more than 57 mm,

ii. be not less than 865 mm and not more than 965 mm high, measured vertically from the surface of the ramp, except that handrails not meeting these requirements are permitted provided they are installed in addition to the required handrail,

iii. terminate in a manner that will not obstruct pedestrian travel or create a hazard,

iv. extend horizontally not less than 300 mm beyond the top and bottom of the ramp,

v. be provided with a clearance of not less than 50 mm between the handrail and any wall to which it is attached, and

vi. be designed and constructed such that handrails and their supports will withstand the loading values obtained from the non-concurrent application of a concentrated load not less than 0.9 kN applied at any point and in any direction for all handrails and a uniform load not less than 0.7 kN/metre applied in any direction to the handrail.

8. Where the ramp is more than 2,200 mm in width,

i. one or more intermediate handrails which are continuous between landings shall be provided and located so that there is no more than 1,650 mm between handrails, and

ii. the handrails must meet the requirements set out in paragraph 7.

9. The ramp must have a wall or guard on both sides and where a guard is provided, it must,

- i. be not less than 1,070 mm measured vertically to the top of the guard from the ramp surface, and
- ii. be designed so that no member, attachment or opening located between 140 mm and 900 mm above the ramp surface being protected by the guard will facilitate climbing.

10. The ramp must have edge protection that is provided,

- i. with a curb at least 50 mm high on any side of the ramp where no solid enclosure or solid guard is provided, or
- ii. with railings or other barriers that extend to within 50 mm of the finished ramp surface.

(2) In this section,

“kN” means kilonewtons.

#### **Exterior paths of travel, stairs**

**80.25** Where stairs connect to exterior paths of travel, the stairs must meet the following requirements:

1. The surface of the treads must have a finish that is slip resistant.
2. Stairs must have uniform risers and runs in any one flight.
3. The rise between successive treads must be between 125 mm and 180 mm.
4. The run between successive steps must be between 280 mm and 355 mm.
5. Stairs must have closed risers.
6. The maximum nosing projection on a tread must be no more than 38 mm, with no abrupt undersides.
7. Stairs must have high tonal contrast markings that extend the full tread width of the leading edge of each step.
8. Stairs must be equipped with tactile walking surface indicators that are built in or applied to the walking surface, and the tactile walking surface indicators must,
  - i. have raised tactile profiles,
  - ii. have a high tonal contrast with the adjacent surface,
  - iii. be located at the top of all flights of stairs, and
  - iv. extend the full tread width to a minimum depth of 610 mm commencing one tread depth from the edge of the stair.

9. Handrails must be included on both sides of stairs and must satisfy the requirements set out in paragraph 7 of subsection 80.24 (1).
10. A guard must be provided that is not less than 920 mm, measured vertically to the top of the guard from a line drawn through the outside edges of the stair nosings and 1,070 mm around the landings and is required on each side of a stairway where the difference in elevation between ground level and the top of the stair is more than 600 mm but, where there is a wall, a guard is not required on that side.

11. Where stairs are more than 2,200 mm in width,

- i. one or more intermediate handrails that are continuous between landings must be provided and located so there is no more than 1,650 mm between handrails, and
- ii. the handrails must satisfy the requirements set out in paragraph 7 of subsection 80.24 (1).

#### **Exterior paths of travel, curb ramps**

**80.26 (1)** Where a curb ramp is provided on an exterior path of travel, the curb ramp must align with the direction of travel and meet the following requirements:

1. The curb ramp must have a minimum clear width of 1,200 mm, exclusive of any flared sides.
2. The running slope of the curb ramp must,
  - i. be a maximum of 1:8, where elevation is less than 75 mm, and
  - ii. be a maximum of 1:10, where elevation is 75 mm or greater and 200 mm or less.
3. The maximum cross slope of the curb ramp must be no more than 1:50.
4. The maximum slope on the flared side of the curb ramp must be no more than 1:10.
5. Where the curb ramp is provided at a pedestrian crossing, it must have tactile walking surface indicators that,
  - i. have raised tactile profiles,
  - ii. have a high tonal contrast with the adjacent surface,
  - iii. are located at the bottom of the curb ramp,
  - iv. are set back between 150 mm and 200 mm from the curb edge,
  - v. extend the full width of the curb ramp, and

vi. are a minimum of 610 mm in depth.

(2) In this section,

“curb ramp” means a ramp that is cut through a curb or that is built up to a curb.

#### **Exterior paths of travel, depressed curbs**

**80.27 (1)** Where a depressed curb is provided on an exterior path of travel, the depressed curb must meet the following requirements:

1. The depressed curb must have a maximum running slope of 1:20.
2. The depressed curb must be aligned with the direction of travel.
3. Where the depressed curb is provided at a pedestrian crossing, it must have tactile walking surface indicators that,

i. have raised tactile profiles,

ii. have high tonal contrast with the adjacent surface,

iii. are located at the bottom portion of the depressed curb that is flush with the roadway,

iv. are set back between 150 mm and 200 mm from the curb edge, and

v. are a minimum of 610 mm in depth.

(2) In this section,

“depressed curb” means a seamless gradual slope at transitions between sidewalks and walkways and highways, and is usually found at intersections.

#### **Exterior paths of travel, accessible pedestrian signals**

**80.28 (1)** Where new pedestrian signals are being installed or existing pedestrian signals are being replaced at a pedestrian crossover, they must be accessible pedestrian signals.

(2) Accessible pedestrian signals must meet the following requirements:

1. They must have a locator tone that is distinct from a walk indicator tone.
2. They must be installed within 1,500 mm of the edge of the curb.
3. They must be mounted at a maximum of 1,100 mm above ground level.
4. They must have tactile arrows that align with the direction of crossing.
5. They must include both manual and automatic activation features.

6. They must include both audible and vibro-tactile walk indicators.

(3) Where two accessible pedestrian signal assemblies are installed on the same corner, they must be a minimum of 3,000 mm apart.

(4) Where the requirements in subsection (3) cannot be met because of site constraints or existing infrastructure, two accessible pedestrian signal assemblies can be installed on a single post, and when this occurs, a verbal announcement must clearly state which crossing is active.

(5) In this section,

“pedestrian crossover” means a pedestrian crossover as defined in subsection 1 (1) of the *Highway Traffic Act*.

#### **Exterior paths of travel, rest areas**

**80.29** When constructing new or redeveloping existing exterior paths of travel that they intend to maintain, obligated organizations, other than small organizations, shall consult on the design and placement of rest areas along the exterior path of travel and shall do so in the following manner:

1. The Government of Ontario, the Legislative Assembly, designated public sector organizations and large organizations must consult with the public and persons with disabilities.
2. Municipalities must also consult with their municipal accessibility advisory committees, where one has been established in accordance with subsection 29 (1) or (2) of the Act.

#### **Exceptions, limitations**

**80.30** Where an exception is permitted to a requirement for an exterior path of travel, the exception applies solely,

- (a) to the particular requirement for which the exception is allowed and not to any other requirement that applies to the exterior path; and
- (b) to the portion of the exterior path for which it is claimed and not to the exterior path in its entirety.

#### **Exceptions, general**

**80.31** Exceptions to the requirements that apply to exterior paths of travel are permitted where obligated organizations, other than small organizations, can demonstrate one or more of the following:

1. The requirements, or some of them, would likely affect the cultural heritage value or interest of a property identified, designated or otherwise protected under the *Ontario Heritage Act* as being of cultural heritage value or interest.
2. The requirements, or some of them, would affect the preservation of places set apart as National Historic Sites of Canada by the Minister of the Environment for Canada under the *Canada National Parks Act* (Canada).
3. The requirements, or some of them, would affect the national historic interest or significance of historic places marked or commemorated under the *Historic Sites and Monuments Act* (Canada).
4. The requirements, or some of them, might damage, directly or indirectly, the cultural heritage or natural heritage on a property included in the United Nations Educational, Scientific and Cultural Organisation's World Heritage List of sites under the *Convention Concerning the Protection of the World Cultural and Natural Heritage*.
5. There is a significant risk that the requirements, or some of them, would adversely affect water, fish, wildlife, plants, invertebrates, species at risk, ecological integrity or natural heritage values, whether the adverse effects are direct or indirect.
6. It is not practicable to comply with the requirements, or some of them, because existing physical or site constraints prohibit modification or addition of elements, spaces or features, such as where increasing the width of the exterior path would narrow the width of the adjacent highway or locating an accessible pedestrian signal pole within 1,500 mm of the curb edge is not feasible because of existing underground utilities.

## REGISTER AND MUNICIPAL HERITAGE COMMITTEE

### Register

27 (1) The clerk of a municipality **shall** keep a register of property situated in the municipality that is of cultural heritage value or interest.

### Contents of register

(1.1) The register kept by the clerk shall list all property situated in the municipality that has been designated by the municipality or by the Minister under this Part and shall contain, with respect to each property,

- (a) a legal description of the property;
- (b) the name and address of the owner; and
- (c) a statement explaining the cultural heritage value or interest of the property and a description of the heritage attributes of the property.

### Same

(1.2) In addition to the property listed in the register under subsection (1.1), the register may include property that has not been designated under this Part but that the council of the municipality believes to be of cultural heritage value or interest and shall contain, with respect to such property, a description of the property that is sufficient to readily ascertain the property.

### Consultation

(1.3) Where the council of a municipality has appointed a municipal heritage committee, the council shall, before including a property that has not been designated under this Part in the register under subsection (1.2) or removing the reference to such a property from the register, consult with its municipal heritage committee.

# Ontario Heritage Act

- Register (aka inventory) a primary function of KMHAC
- No requirement to obtain owners' consent to include a property on the register
- No requirement to inform owners that a property is being included in the register (We did anyway when register established)

# Kingsville's Register

- 346 properties (constant state of revision)
- 37 of those 346 designated under the Ontario Heritage Act  
35 buildings (two publicly owned), 1 cemetery, 1 public park (Lakeside Park)
- All designated properties must be on the register, but not all buildings on the register are designated

Being on register does not automatically lead to designation

Campbell – Jasperson

The Church of the Epiphany was on Wednesday evening of this week, the scene of a very pretty wedding, when the Rev. S.P. Irwin officiating. Esther Gertrude, only daughter of Mr and Mrs Bonzano Jasperson became the bride of Dr Thomas Donald Campbell, son of the late John A. Campbell. The bride, who was given away by her father, looked lovely in a gown of ivory cut velvet, trimmed with ostrich, long court train and bridal veil of tulle aught to the head with a coronet of orange blossoms. Her shoes were of silver and her bouquet of lilies of the valley, butterfly roses and heather. The bridal attendants Miss Dorothy Holliday of Toronto, as maid of honor, Miss Jean Campbell of Detroit, Miss Elsie Jasperson of Philadelphia and Miss Jean Maclaren of Brockville as bridesmaids wore dainty gowns of georgette in the pastel shades, picture hats of black velvet with silver and silver shoes. Their bouquets were of King of Autumn and Cactus Dahlias, blending with their dresses. Little Misses Joan Green and Mary Hoover in ruffly frocks of white organdy and lace and quaint poke hats to match were attractive little flower girls, carrying baskets of pink and white snap dragons. Mr. F.K. Jasperson acted as best man to Dr. Campbell and Messrs. Thos. Todd and Arthur Armitage and Drs. Daniel McCallum and Malcolm Campbell as ushers. During the signing of the register Miss Isabel Campbell, sister of the groom sang "Until" very sweetly. After the ceremony there followed a reception at the residence of the bride's parents, Mrs. Jasperson receiving in a beautiful gown of grey cut velvet with graceful drapes of grey chiffon. Her hat was of mauve velvet and she carried a bouquet of ophelia roses. Mrs. Campbell was in black chantilly lace, black velvet hat and carried a bouquet of American beauty roses. Dr and Mrs. Campbell left for Quebec, the bride travelling in a smart costume of navy blue broadcloth with hat to match and stone martin furs.

Re: The Campbell House

To Whom It May Concern,

I am writing in dismay at the proposed rezoning of the Campbell House so that it can be torn down and replaced with condos and townhouses.

First of all it is a perfectly good and beautiful house and there is no reason to demolish it other than it is perceived to be in the way. Things today, even though they are usable, beautiful, meaningful, and cherished, are wrongly viewed as disposable if they are in the way of making money. Whether it is green space, a historic property, or a town plan laying out the philosophy and values and parameters of development in a small town, anything is in danger of falling under the axe when it comes to the "How can I make a buck out of this" philosophy.

Second, I feel that this house is an important part of the history of Kingsville. It was built around 1924 and given as a wedding present to Dr. T. D. Campbell and his new bride Esther, by Esther's father, Bon Jasperson, one of the most prominent men in Kingsville at the time. My mother, Jane, who is 90 years old now, grew up in the house with her sister Anne: it is the scene of so many happy memories for them, my cousins and for my brother Tom and myself. Countless lives were helped by my grandfather, for a time the sole dentist in town – patients would often drop by with something they could offer Dr. Campbell in lieu of payments they could not afford, i.e. fish or produce or baked goods, since my grandfather would never turn a patient away, even if they couldn't afford to pay for his services. And so this house is not only a part of my own family history but of Kingsville itself.

Old buildings are a living, visible, touchable part of a small town's history. Yes, that history can be found in pictures, in library books, in documents. But it is a different thing to live amongst some of the things built and left behind by those who came before us. Those buildings remind us who we are, what the town used to look like, they give a small-town and personal feel to a place that big box stores and condos do not. They carry the stories of our shared history, right there in front of us, and spark our imaginations and memories. Beautiful, elegantly crafted old buildings like the Campbell house give a small town a unique identity. Without them, one town looks like any other. These homes are more than wood beams and stone foundations and woodwork and stained glass windows -- they provide us with a sense of stability and continuity: we live here now, and over there is the home of people who lived here 100 years ago. We are part of that long line reaching back to them, a line that we value and respect. A community that has existed across time.

Some of our physical history is protected in museums and public collections or with heritage designations. But some of our history is right there beyond the sidewalk that we casually walk and drive past every day. Much of our history is in private hands. Being in

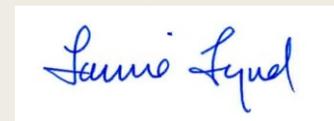

private hands does not mean the owner can do whatever they want with a piece of history: those who own a part of our shared inheritance have a responsibility to it and to us, whether it is a 500 year old painting or a 95 year old house. Just because you own it does not mean you have the right to throw a Rembrandt on the fire. Just because you own it ~ heritage designation or not ~ does not mean you have the moral right to hand a historic house over to be destroyed for profit. In some ways this is not just *your* house, to do with as you please. When we own a piece of history we are its caretakers: ownership comes with a responsibility to the larger community.

Change is sometimes good, sometimes necessary. But change without context is disconnected and inconsistent. And change that wipes out the heirlooms of our history is a grievous and irreversible mistake, a loss to everyone, and a gain only to those who profit from it.

In closing I would ask what is the point of having a town plan if it is thrown out the window when someone comes in with bags of money shouting "Progress!?" Shouldn't any town plan be only diverted from in extreme and emergency situations?

The decision that you make in situations such as this must represent and reflect the values of the people of Kingsville. I hope that they – and you – have enough respect and affection for your own history to make the right choice and to preserve this beautiful home.

Sincerely,

Laurie Campbell Lynd

- The register does not automatically lead to designation.
- Regardless of whether a property is on the register, Council can grant building permits, demolition permits, rezoning, etc. But if Council removes a property from the register, Council loses its right to consult KMHAC on applications.
- The register is a list of properties of cultural heritage value.
- The heritage value of 183 Main Street East is clearly evident.
- It is the committee's recommendation that the property at 183 Main Street East remain on the register.

1364674 Ontario Limited  
Lots 33 to 38 and Lots 41 to 42, Plan 12M 587  
125, 127, 136, 137 & 138 Golfview Dr. & 99, 101, 103 & 105  
Conservation Blvd.

**Report No.:** PS 2020-006

---

## **AIM**

To provide the Mayor and Council with information on a requested exemption from part lot control on lands in the York subdivision.

## **BACKGROUND**

In 2014 Council approved part lot control exemption on lots 24 to 48 on Plan 12M 587 of the York subdivision to permit the reconfiguration of 24, 21.34 m (70 ft.) wide lots to a mix of 35, 18.2 (60 ft.) and 15.24 m (50 ft.) lots for the development of single detached dwellings. The majority of these lots have developed and been sold to individual purchasers. Seven of the 35 lots remain under the ownership of the applicant, which requires that the part lot control exemption approval continue until all of the lots have been sold. Unfortunately, the part lot control by-law approved in 2014 expired in December of 2019. (Appendix A) As a result, a new by-law, rather than an extension is required to allow for the ongoing sale of the remaining lots.

## **DISCUSSION**

Staff was aware that the by-law had expired. A listing of all active part lot control by-laws is maintained in the department however staff was not aware that the by-law was still required given the nature of the development in the subdivision. The requested part lot control exemption would only apply to the remaining unsold lots along Golfview Drive and Conservation Blvd. (Appendix B) There is no change to the lot configuration proposed in

2014 at the time of the original exemption. The proposal is a new by-law versus an extension only because the 2014 by-law has expired and will require County approval. A new application and fees were required in order to process the new by-law.

### **LINK TO STRATEGIC PLAN**

Manage residential growth through sustainable planning.

### **FINANCIAL CONSIDERATIONS**

There are no financial implications as a result of the new by-law request. Development will continue in the same format as it has over the last five years.

### **CONSULTATIONS**

The Planning Act when considering a Part Lot Control Exemption By-law requires no public or agency consultations. Management staff was circulated however as there is not proposed change to the original final lot fabric there was no additional comment.

### **RECOMMENDATION**

It is recommended that Council:

Enact Part Lot Control Exemption By-law 14-2020 to allow Lots 33 to 38 inclusive and Lots 41 and 41 Plan 12M 587 to be exempt from Section 50(5) of the Planning Act, and

Direct administration to forward By-law 14-2020 and the Part Lot Control Exemption application to the County of Essex for final approval.

**RE:** Phragmites Control Resolution  
**Report No.:** CS-2020-02

---

## **AIM**

To provide Council with an update regarding the status of Council's Phragmites Control Resolution No. 443-2019, and to seek endorsement of an updated Phragmites resolution for purposes of the Federation of Canadian Municipalities' (FCM) upcoming Board of Directors Meeting.

## **BACKGROUND**

At its Regular Meeting held March 25, 2019, Council passed Resolution 214-2019 calling on the Canadian Federal Government to take the appropriate regulatory measures to expedite and approve the use of herbicides in aquatic environments.

Subsequently, and as Council will recall, at its August 26, 2019, a further Resolution (443-2019) was passed revising the resolution slightly as per the request of FCM to resolve that the FCM calls on the Canadian Federal Government to take the appropriate regulatory measures to expedite and approve the use of herbicides in aquatic environments for the control of Phragmites by local Governments (full Report in connection with Resolution 443-2019 attached as Appendix A). That revised resolution was forwarded to FCM for consideration by its Board.

## **DISCUSSION**

On December 3, 2019 the Town was again contacted by FCM's policy analyst with further proposed rewording of Council's motion. FCM is seeking to take Kingsville's request once again to the Board with certain specific updates. FCM's Board were mostly concerned about asking outright for the approval of herbicides, indicating that they would not want to

presuppose the rigorous assessment of Health Canada. So the word 'approved' was removed and the words "products that can be safely used" were inserted.

The intent of Council's original resolution is still contained within the changes proposed by FCM. The end result is to allow for the proper herbicides to be used, and FCM is indeed asking for an expedited process to achieve the end goal.

Again, the preambles/recitals will remain substantially the same. The proposed motion will read:

'WHEREAS *Phragmites australis* (herein referred to as "Phragmites") is an invasive perennial grass that continues to cause severe damage to our wetlands, beaches and municipal drainage systems across Essex County;

WHEREAS *Phragmites* grows and spreads rapidly, allowing the plant to invade new areas and grow into large monoculture stands in a short amount of time, and is a plant that secretes toxins from its roots in the soil which impede the growth of neighbouring plant species;

WHEREAS *Phragmites* results in loss of biodiversity and species richness, loss of habitat, changes in hydrology due to its high metabolic rate, changes in nutrient cycling as it is slow to decompose, an increased fire hazard due to the combustibility of its dead stalks, and can have an adverse impact on agriculture, particularly in drainage ditches;

WHEREAS invasive *Phragmites* has been identified as Canada's worst invasive plant species by Agriculture and AgriFood Canada;

WHEREAS controlling invasive *Phragmites* before it becomes well established reduces environmental impacts, time and costs;

WHEREAS according to the Ministry of the Environment, best management practices for *Phragmites* include early detection, herbicide application, mowing, compressing or rolling, prescribed burning, and controlled flooding;

WHEREAS these best management practices are most effective when used in tandem as opposed to when used as stand-alone control measures;

AND WHEREAS herbicides containing surfactants are prohibited for use in aquatic environments in Canada, meaning that municipalities are not able to fully implement best management practices;

NOW THEREFORE BE IT RESOLVED that the Federation of Canadian Municipalities calls on the Government of Canada to expedite the review of herbicide products that can be safely used in aquatic environments for the control of *Phragmites* in order to support local governments in their efforts to eradicate this invasive species."

## **RECOMMENDATION**

That Council adopts the following motion:

‘WHEREAS *Phragmites australis* (herein referred to as “*Phragmites*”) is an invasive perennial grass that continues to cause severe damage to our wetlands, beaches and municipal drainage systems across Essex County;

WHEREAS *Phragmites* grows and spreads rapidly, allowing the plant to invade new areas and grow into large monoculture stands in a short amount of time, and is a plant that secretes toxins from its roots in the soil which impede the growth of neighbouring plant species;

### **AIM**

To provide Council with an update regarding the status of Council's "Phragmites Resolution" No. 214-2019, and to seek endorsement of an updated Phragmites resolution for purposes of the Federation of Canadian Municipalities' (FCM) upcoming Board of Directors Meeting.

### **BACKGROUND**

At its Regular Meeting held March 25, 2019, Council passed Resolution 214-2019 calling on the Canadian Federal Government to take the appropriate regulatory measures to expedite and approve the use of herbicides in aquatic environments to control Phragmites by the 2019 growing season as well as the use of aerial control measures. By correspondence of Director of Corporate Services J. Astrologo, said Resolution was sent to both the Office of the Prime Minister and to the Minister of Environment and Climate Change, with copies circulated to a number of agencies and other parties, including the Federation of Canadian Municipalities (See: Appendix A attached).

On April 3, 2019 a response was received from the Executive Correspondence Officer for the Prime Minister's Office, acknowledging receipt of the correspondence and indicating that a further copy of the correspondence was directed to The Hon. Ginette Petitpas Taylor, the Federal Minister of Health.

### **DISCUSSION**

Most recently, on August 12, 2019, the Town was contacted by Sara Jane O'Neill, Policy Analyst, Federation of Canadian Municipalities, who is currently working on the analysis of the issue in preparation for the next FCM Board meeting in September. She is seeking to take Kingsville's request to the Board, with certain specific updates to the existing wording

for clarity and ease of reference. The recitals or preambles in the existing motion will all remain the same. The proposed motion will read:

“WHEREAS *Phragmites australis* (herein referred to as "Phragmites") is an invasive perennial grass that continues to cause severe damage to our wetlands, beaches and municipal drainage systems across Essex County;

AND WHEREAS *Phragmites* grows and spreads rapidly, allowing the plant to invade new areas and grow into large monoculture stands in a short amount of time, and is a plant that secretes toxins from its roots into the soil which impede the growth of neighbouring plant species;

Dear Sir/Madam:

**RE: KINGSVILLE TOWN COUNCIL RESOLUTION ON PHRAGMITES CONTROL**

At its Regular Meeting held Monday, March 25, 2019 Council of the Town of Kingsville passed the following resolution:

**"214-2019**

**Moved By Councillor Thomas Neufeld**

**Seconded By Councillor Laura Lucier**

**WHEREAS** *Phragmites australis* (herein referred to as "Phragmites") is an invasive perennial grass that continues to cause severe damage to our wetlands, beaches and municipal drainage systems across Essex County;

**AND WHEREAS** *Phragmites* grows and spreads rapidly, allowing the plant to invade new areas and grow into large monoculture stands in a short amount of time, and is a plant that secretes toxins from its roots into the soil which impede the growth of neighbouring plant species;

**AND WHEREAS** *Phragmites* results in loss of biodiversity and species richness, loss of habitat, changes in hydrology due to its high metabolic rate, changes in nutrient cycling as it is slow to decompose, an increased fire hazard due to the combustibility of its dead stalks, and can have an adverse impact on agriculture, particularly in drainage ditches;

**RE:** Train Court Mutual Drain Agreement  
**Report No.:** MS 2020 - 05

---

## **AIM**

The aim of this report is to have Council authorize the Mayor and Director of Corporate Services to enter into a Mutual Drain Agreement with 770022 Ontario Limited and Ms. Anna Jugovic to allow for drainage improvements currently on privately owned lands (Appendix A).

## **BACKGROUND**

During significant rain events, surface water from an agricultural field overwhelms a rear-yard catchment system installed at the upper reaches of Train Court. To solve this issue drain improvements to enhance the rear-yard catchment system has been proposed.

## **DISCUSSION**

To enter onto privately owned lands Municipal Services obtained permission from two (2) landowners to enter into a Mutual Drain Agreement.

- 770022 Ontario Limited who owns the agricultural field known as 195 Main Street East (210-00600) has signed the Mutual Drain Agreement allowing the Town to undertake drainage works on their property.
- Ms. Anna Jugovic who owns the property known as 151 Train Ct. (210-01089) has signed the Mutual Drain Agreement allowing the Town to undertake drainage works on her property.

The work will include the installation of a drain and catchment system on both the 195 Main St. property and the 151 Train Court property. The improved drain and catchment system will outlet into an existing storm water manhole in the cul-de-sac. (Appendix B).

## LINK TO STRATEGIC PLAN

To become a leader in sustainable infrastructure renewal and development.

## FINANCIAL CONSIDERATIONS

\$30,000.00 was included in the 2020 capital budget for the design and construction of the drainage works. The Municipal Services Department will begin obtaining quotes from local contractors upon endorsement of the Mutual Drain Agreement.

## MUTUAL DRAINAGE AGREEMENT

This Agreement made this \_\_\_\_\_ day of October, 2019 and is made under the authority of Section 2 of the *Drainage Act*, R.S.O. 1990, c. D.17.

BETWEEN:

**770022 ONTARIO LIMITED**

(hereinafter "770022")

-and-

**ANNA JUGOVIC**

(hereinafter "Jugovic")

-and-

**THE CORPORATION OF THE TOWN OF KINGSVILLE**

(hereinafter the "Town")

**WHEREAS:**

- A. 770022 is the owner of the property legally described as PT LT 2 CON 1 as in R431661 s/t R1343858 (PIN 75178-0360), and municipally known as 195 Main Street East, Kingsville, Ontario (the "770022 Property");
- B. Jugovic is the owner of the property legally described as PT LT 1 CON 1 EASTERN DIVISION GOSFIELD (KINGSVILLE) PT 62 & 63, 12R14638; S/T R1343858 (PIN 75178-0476), and municipally known as 151 Train Court, Kingsville, Ontario (the "Jugovic Property");
- C. The Town is seeking to upgrade and improve drainage in and around the Train Court subdivision, located in the Town of Kingsville;
- D. It is necessary to construct the Drainage Works, as hereinafter described, on certain portions of the 770022 Property, and the Jugovic Property;
- E. The parties hereby agree that the Drainage Works shall be constructed, repaired, and maintained according to the terms herein; and,
- F. The Parties hereto agree to enter into this agreement and have same registered against title to the Jugovic Property and the 770022 Property.

**NOW THEREFORE THIS AGREEMENT WITNESSETH** that in consideration of the sum of ONE DOLLAR (\$1.00) and other good and valuable consideration (the receipt and sufficiency of which is hereby acknowledged), the parties hereto agree as follows:

1. Section 2 of the *Drainage Act* provides for the establishment of drainage works whereby the affected land owners are in mutual agreement to establishing the drainage works.

### **Description of Drainage Works**

2. For the purposes of this Agreement, the drainage works which are the subject matter of this agreement are comprised of the following (collectively called the “**Drainage Works**”), as more particularly shown on the sketch attached at Schedule “A”:
  - a. A 1200mm x 1200mm ditch inlet catch basin on the south-western portion of the 770022 Property (hereinafter called the “**770022 Catch Basin**”);
  - b. 10 meters of 150mm polyvinyl chloride (PVC) pipe (the “**150mm PVC Pipe**”) connecting the 770022 Catch Basin to the Jugovic Rear Yard Catch Basin, as hereinafter described;
  - c. A 24 x 30-inch catch basin located in the south-eastern portion of the Jugovic Property’s rear yard (hereinafter called the “**Jugovic Rear Yard Catch Basin**”); and,
  - d. 31 meters of 200mm PVC pipe (the “**200mm PVC Pipe**”) connecting the Jugovic Rear Yard Catch Basin to an existing double catch basin currently located at the drive-way entrance of the Jugovic Property (the “**Existing Double Catch Basin**”).
3. The Parties hereto acknowledge that surface and subsurface water shall flow through the Drainage Works as follows:
  - a. Surface and subsurface water which enters the 77022 Catch Basin will flow westerly through the 150mm PVC Pipe to the Jugovic Rear Yard Catch Basin. The flow of water shall continue westerly from the Jugovic Rear Yard Catch Basin, through the 200mm PVC pipe to the Existing Double Catch Basin.

### **GRANT OF ACCESS**

4. Jugovic hereby grants, conveys and transfers unto the Town, its employees, servants, workmen, invitees, successors and assigns, a right-of-way in perpetuity on, over, under, across, along and through the Jugovic Property for the purposes of constructing, maintaining, reconstructing and repairing the Drainage Works, as and when required.
5. 770022 hereby grants, conveys and transfers unto the Town, its employees, servants, workmen, invitees, successors and assigns, a right-of-way in perpetuity, subject to Section 14 herein, on, over, under, across, along and through the 770022 Property for the purposes of constructing, maintaining, reconstructing and repairing the Drainage Works, as and when required.
6. Jugovic and 770022 for itself, its servants, employees, workmen, invitees, successors and assigns, covenants and agrees to remove from and keep the Jugovic Property and the 770022 Property, as applicable, free and clear of any buildings, structures or obstructions of any kind

and shall be liable for any and all costs incurred by the Town or its successors in the removal of such obstructions, which in the opinion of the Town will potentially affect the maintenance, operation, and/or reconstruction of the Drainage Works.

7. No party to this Agreement shall obstruct the flow, or cause the obstruction of flow, of the Drainage Works by filling in the Drainage Works or by placing, or causing to be placed, obstructions within the Drainage Works.
8. On reasonable notice by the Town, the parties hereto agree to provide access to the Jugovic Property and the 770022 Property, for the purpose of inspection, repair or maintenance of/to the Drainage Works, as and when required.
9. The Parties hereto agree that each party shall be responsible for any damage to the Drainage Works caused by their activities and negligence.

### **Future Development**

10. Without limiting the generality of the foregoing, the Parties hereto agree that this Agreement shall be binding with respect to the Drainage Works as they exist on the date of this Agreement and the Parties hereto agree that prior to any development, redevelopment or upgrade to:
  - a. the 770022 Property; and/or,
  - b. the Jugovic Property,

which will impact the Drainage Works or be reasonably expected to impact the Drainage Works, the Parties shall be required to enter into a written agreement which shall provide for i) the nature of the development, redevelopment, or upgrade and the parties consent thereto, which consent may not be unreasonably withheld; and, ii) an apportionment of the costs relating to any changes or upgrades to the Drainage Works as a result of the proposed development, redevelopment, or upgrade to the said lands. Should the Parties hereto be unable to agree as to such apportionment of the costs relating to the proposed Drainage Works, the Party or Parties, as the case may be, who propose to undertake such development, redevelopment or upgrade shall obtain, and bear all costs in relation to a 3<sup>rd</sup> party engineers report with respect to such determination and the Parties hetero agree to abide by any decision of such 3<sup>rd</sup> party engineer.

### **Costs**

11. The Town shall be responsible for the costs associated with the Drainage Works as described below:
  - a. The costs of installing and maintaining the Drainage Works; and,
  - b. All legal fees incurred by the Town, which shall include the cost to register this Agreement on title to the Jugovic Property and the 770022 Property.

### **Construction**

12. The parties agree that construction on the Drainage Works shall begin as soon as reasonably possible.
13. The method of construction, reconstruction, maintenance, alteration or removal of the Drainage Works shall be subject to the sole discretion of the Drainage Superintendent of the Town of Kingsville. Any work completed with respect to the Drainage Works shall be completed in a good and workmanlike manner, in accordance with industry standard and all applicable laws of Ontario.

#### **Removal of Catchment System**

14. Upon completion of construction of the storm water management system by 770022 on the 770022 Property, the Town agrees to remove the catchment system, to be installed on the 770022 Property, as set forth herein, at the Town's sole cost and expense.

**3. PUBLIC MEETING--Greenhouse Policy Review – Official Plan Policy Updates and Zoning By-law Amendment Updating the Current Regulations for Greenhouse Development**

Mr. Brown presented his report.

Comments from the audience:

Joanne Rivard, 222 Sandybrook – expressed concerns with the definition of sensitive land use requested that it be the same as the Provincial Policy

Statement. She also requested the addition of the definition for adverse effects as there isn't one currently and that it be consistent with Provincial Policy Statement.

Sherry DaSilva, 1691 Noah Court – inquired whether this policy applies only to new greenhouses. Mr. Brown responded that it applies to new developments and to greenhouse expansions. Ms. DaSilva also expressed concern about greenhouses that grow marihuana and wanted to know what policies the Town has in place to protect residents.

Mayor Santos briefly explained the difference between Part 1 and Part 2 applications and the public meeting process for the Part 1 applications.

There were no other comments from the audience.

**CARRIED**

## D. HEARINGS

### 1. B 10 19 – VL CTY RD 20 & 1609 CTY RD 20 – PETER & ELIZABETH PUCOVSKY

Interim Planner, David French introduced the Consent application and reviewed his report dated, October 9<sup>th</sup>, 2019 which provides details regarding an application to sever and convey a 0.245 (0.554 ac.) portion of land as a lot addition from a farm parcel (no address) to an abutting rural residential lot (1609 County Road 20), in the Town of Kingsville.

The subject land is a 65.58 ha (162.06 ac.) farm parcel. The applicant has received a request from an abutting property owner (1609 County Road 20) to purchase approximately 0.224 ha (0.554 ac.) of land (shown as Part 1 on the applicants' sketch, attached as Appendix B) containing a barn and a garage to be added to their 0.245 ha (0.6 ac.) rural residential lot. It is proposed that these lands be conveyed as a lot addition to 1609 County Road 20. There are no zoning issues raised as a result of the proposed lot addition as the severed lands and receiving lot are both 'Agriculture (A1)' and the retained farm parcel will be approximately 65.14 ha (161.56 ac).

The applicant's as well as their solicitor, Karl G. Melinz were in attendance.

Chairperson, G. Queen asked if there were any comments or questions from the committee, applicant or the public.

Committee member Allison Vilardi drew attention to the Westerly lot line, and asked why it appears to be jagged, is it following a natural drain or watercourse? Town Planner David French explained that the line is following an existing drain as per ERCA's comment.

Mr. Melinz introduced the applicants. Explained they understand the conditions and agree with the report from the Planner.

Chairperson, G. Queen confirmed there were no other comments or questions from the committee, applicant or the public.

### CA-49-2019

Moved by Russell Horrocks, seconded by Kimberly DeYong that Consent application B/10/19 to sever and convey a 0.224 ha (0.554 ac.) portion of land from County Road 20 (no address), Part of Lots 26 & 27, Concession 1, Western Division as a lot addition to an abutting rural residential lot known as 1609 County Road 20, in the Town of Kingsville, be **Approved** subject to the following conditions;

1. That a reference plan be deposited in the registry office, **both an electronic and paper** copy of the registered plan is to be provided to the Town for the files of the Secretary-Treasurer.
2. That the lot addition to be severed, shown as Part 1 on the applicants' sketch (attached) be conveyed to the owner of the abutting rural residential parcel (1609 County Road 20 / PIN 75185-0539) and Section 50(3 or 5) of the Planning Act applies to any subsequent conveyance of or transaction involving the parcel of land that is the subject of this consent.
3. That a one-foot square be conveyed from the receiving lot to the County of Essex, free of charge and clear of all encumbrances, if necessary, to facilitate the consolidation of the lot addition and receiving lot.
4. That the deeds, such plan of survey or reference plan, for property lines being newly created, shall be in accordance with the existing zoning requirements for the municipality including satisfactory proof as to compliance of the location of all buildings on the subject lands either by way of a plan showing the location of all buildings located thereon, or a certificate from a qualified surveyor indicating the location and sizes of all buildings on the said lands and/or favourable minor variances shall have been processed for any non-compliances.
5. That the owner shall provide that all municipal taxes be paid in full and that necessary apportionments of storm drainage be undertaken for any special assessment imposed pursuant to the provisions of the Local Improvement Act and/or the Municipal Act.
6. That as a result of severance, owners shall become liable by way of up front monies for the assessment and taxation of their properties for any waterworks or sanitary sewer systems affecting their properties, in accordance with the Fees By-law in effect on the date the consent is being endorsed on the deeds.
7. That the owner confirm that all building services are contained within existing property lines and do not cross over newly established lot lines.
8. The conditions imposed above shall be fulfilled by **November 19, 2020** or this application shall be deemed to be refused in accordance with Section 53(41) of the Planning Act.

**CARRIED**

**2. B 20 19 AND A 08 19 – 191 QUEEN ST – JOSEPH & PHYLLIS JEFFREY**

Interim Planner, David French introduced the Consent and Minor Variance applications and reviewed his report dated, November 12<sup>th</sup>, 2019 which provides details regarding the requested consent to create a new vacant residential lot and an associated minor variance for lands known as 191 Queen Street in the Town of Kingsville.

The subject land is 858 sq. m (9,235 sq. ft.) in area and contains an existing single detached dwelling and a shed. It is proposed that the lot be subdivided into two parts – Part 1, being the retained parcel containing the dwelling and shed, and 441 sq. m (4,748 sq. ft.) in size, and Part 2, being the vacant severed parcel, and 417 sq. m (4,487 sq. ft.) in size. Please refer to the attached draft reference plan (Appendix “B”).

As a result of the proposed consent, a minor variance is required to recognize the reduced lot area of both the retained and severed parcels from the required 500 sq. m (5,382 sq. ft.) to 441 sq. m (4748 sq. ft.) and 417 sq. m (4,487 sq. ft.), respectively. Further, as a result of the severance, the front yard of the existing dwelling will no longer be from McLean Street, and as such, the minor variance will also recognize the front yard (3.14 m / 10.3 ft.) and rear yard (1 m / 3.3 ft.) setbacks of the existing dwelling with the frontage now being provided on Queen Street.

The applicant’s solicitor, Karl G. Melinz, as well as the applicant’s realtor, Harry Bergman were in attendance.

Chairperson, G. Queen asked if there were any comments or questions from the committee, applicant or the public.

Councilor Kimberly DeYong asked for clarification of the McLean St. address. Town Planner, David French explained that the narrowest frontage is considered the front of the lot however it may not be how the property is addressed.

Committee member Allison Vilardi ask if the variance applies to both properties. Mr. French explained that the variance only applies to the current house. The new build must follow current by-laws. Mr. Bergman agrees this is an ideal severance. Comparable to other lots in the area.

Chairperson, G. Queen confirmed there were no comments or questions from the committee, applicant or the public.

### **CA-50-2019**

Moved by Kim DeYong, seconded by Shannon Olson that Consent application B/20/19 to create one (1) new residential lot, being 417 sq. m. (4,487 sq. ft.) in area, from the lands known as 191 Queen Street, Lot 11, Plan 291, in the Town of Kingsville, be **Approved** subject to the following conditions;

- i) That a plan of survey be prepared or a reference plan deposited in the registry office, **both an electronic and paper** copy of either to be provided to the Town for the files of the Secretary-Treasurer.

- ii) That the deeds, such plan of survey or reference plan, for property lines being newly created, shall be in accordance with the existing zoning requirements for the municipality including satisfactory proof as to compliance of the location of all buildings on the subject lands either by way of a plan showing the location of all buildings located thereon, or a certificate from a qualified surveyor indicating the location and sizes of all buildings on the said lands and/or favourable minor variances shall have been processed for any non-compliances.
- iii) That the owner shall provide that all municipal taxes be paid in full and that necessary apportionments of storm drainage and private park fees be established pursuant to the provisions of the Local Improvement Act and/or the Municipal Act.
- iv) That as a result of severance, owners shall become liable by way of up front monies for the assessment and taxation of their properties for any waterworks or sanitary sewer systems affecting their properties, in accordance with the Fees By-law in effect on the date the consent is being endorsed on the deeds.
- v) The applicant is to provide a new sanitary, private storm drain connection, and water service connection to the severed parcel.
- vi) A permit shall be obtained from the Town for the installation of a new entrances or changes to existing entrances from Pearl Street to the retained or severed lots, any cost associated with the access installation shall be the applicant's responsibility.
- vii) A park fee of \$1,500.00 is paid to the municipality for the creation of the new lot prior to certification.
- viii) That the severed lot obtain a municipal address.
- ix) That Minor Variance (A/08/19) is approved and finalized.
- x) The conditions imposed above shall be fulfilled by **November 19, 2020** for this application or shall be deemed to be denied in accordance with Section 53(41) of the Planning Act.

# December 2019 Research Report for the Kingsville Municipal Heritage Advisory Committee

Follow-up from November's meeting regarding 183 Main St E:

The building plan for this type of house was first advertised in the 1913 catalogue of Aladdin Houses. The last year this plan was advertised by Aladdin Houses was 1922 with upgrades and called The Brentwood No. 2.

## The Brentwood No. 2

*See prices on inside of front cover.*

**T**HIS most charming dwelling has a host of admirers. Though slightly larger than the average home the general attractiveness of the Brentwood No. 2 has called for a volume production and it is always in demand. Of a quaint English type of architecture it is a home where nothing has been spared to make its beauty and convenience complete. The Brentwood No. 2 represents the best in home-building. Cowl roof, second story balcony, hooded front entrance, semi-enclosed porch, pergola porte-cochere with French doors leading to dining room, casement windows in front and full attic, form a delightfully attractive whole. The house will be furnished with either siding, shingles, or stucco exterior. The bay window projects three feet and is ten feet wide. The porte-cochere at the side is furnished with tin roof, giving protection against snow and rain. A most unusual and distinctive idea is the little balcony with double French doors from an upper bedroom.

The floor plans reveal the masterly knowledge with which the interior has been designed. Observe the spacious 24x24 living room. There is a superb comfort and warmth about this portion of the house which makes it truly a living room in the happiest sense of the word. The arrangement of the kitchen, pantry and dining room is ideal. They are ample in size and complete in every detail and appointment, which is part of a splendid home.

Notice particularly the splendid sleeping porch alcoves on the left. Each has six large windows providing an abundance of good wholesome sun light and pure air. It is an ideal place to sleep during all seasons of the year. These sleeping porch alcoves open out from two large bedrooms. The front bedroom opening on the balcony is unusually large and airy. The 14x11 sleeping porch in the rear of the house is another most desirable feature. Two bathrooms are provided, one between owner's bedroom and sleeping porch, other at front of main hall.

The extreme width of the Brentwood No. 2 is 60'. The following construction details are taken from the specifications of this home. The eaves are boxed in type with a 1'6" projection. Sill size is 6x8", first floor joists are 2x10" on 16" centers, second floor joists are 2x10" on 16" centers. Ceiling joists are 2x6" on 16" centers.

A sub-floor of inch boards is laid tightly over the joists. Sub-flooring is covered with building paper and the finished floor. The studding are of 2x4's on 16" centers, which are covered with sheathing of 1x6" boards laid tightly and building paper.

The outside walls are covered with wood lath for stucco but no stucco materials are furnished. The roof of the Brentwood No. 2 is of the cowl type with a three-eighths pitch.

If you are interested in a smaller size home in this same design, write us for plans of the Brentwood No. 1, which will be sent to you free upon request.

A combination kitchen cabinet and broom closet is furnished for the kitchen. For illustration and description see page 114.

Write for detailed specifications and estimate sheets of this home. See prices on inside of front cover.

## Properties requesting Designation

### **1952 Talbot Road** (property actually 1948 Talbot Road)

Built by the Neville family, but there is some confusion as to date of construction.

From the 1905 Commemorative Biographical Record:

“James Neville was born Feb. 25, 1825, at Cottam, where he was reared, coming to the Township of Gosfield South at the time of his marriage, Oct. 30, 1848. At this time he came into possession of the farm on Lot 12, Con. 2, originally settled by the Wiggles, and consisting of fifty acres of land which had been little improved. He completed the erection of a log

house which had been started, and which he occupied until 1867, when he built his present brick house, in which he lived until his death, which occurred April 13, 1869. [...] Colin J. Nevilel [sic] was born on the farm where he now resides. [...] He remodeled the brick residence in 1899, and has not neglected other improvements.”

Confusion occurs when researching Assessment Rolls. 1866 Gosfield assessment for James Neville was \$400 and 1869 assessment for Mrs. James Neville was \$400.

There are small increases in assessment values until 1880 (\$750) and then a large increase in 1882 to \$2,400.

Perhaps the year of construction may be confirmed after a site visit.

### **1961 Seacliff Drive**

This property provides a challenge because it spans two lots (Lot 11 and Lot 12) and each lot is 200 acres in size.

The process of narrowing down this smaller property is ongoing.

MPAC lists this house as being built in 1923.

But, hopefully this house was built before 1920 because Gosfield South assessment records after 1920 are not locally available. They are held at the Archives of Ontario.

The full Research File for 208 County Road 34 East is nearly completed and will be submitted at January’s meeting.

Research Report submitted by Veronica Brown on 9 December 2019.

**Subject: Re: 183 main**

Hi Sandy,

1. The committee has concerns related to the designated property known as the Bon Jasperson House at 171 Main Street East, adjacent to the subject property. When we score a property for designation, we look at its context and relationship to the streetscape. The proposed rezoning of 183 Main Street East, would certainly change the character of the streetscape. The two properties were once the same parcel of land, the home at 183 Main Street East being built in 1924 for Jasperson's daughter when she married. The site has remained largely unchanged throughout Kingsville's history. Beyond the issue with the rezoning itself, our committee discussed the drawings provided by the proponent for the proposed redevelopment of 183 Main Street East. The density proposed for the site -- the number of units proposed, with the related parking and lack of green space -- would adversely affect the designated property at 171 Main Street East.

2. The property (183 Main Street East) is steeped in local history. In fact, the owners of the property once wrote a letter to the committee seeking heritage designation. My recollection is these were the owners who turned the residence into a bed and breakfast.

3. Our committee would ask that a copy of our research report on 183 Main Street East, presented by Veronica Brown at our last meeting, be forwarded to the Planning Advisory Committee and to Council to inform their discussions.

Best,  
Sarah

Re: The Campbell House

To Whom It May Concern,

I am writing in dismay at the proposed rezoning of the Campbell House so that it can be torn down and replaced with condos and townhouses.

First of all it is a perfectly good and beautiful house and there is no reason to demolish it other than it is perceived to be in the way. Things today, even though they are usable, beautiful, meaningful, and cherished, are wrongly viewed as disposable if they are in the way of making money. Whether it is green space, a historic property, or a town plan laying out the philosophy and values and parameters of development in a small town, anything is in danger of falling under the axe when it comes to the "How can I make a buck out of this" philosophy.

Second, I feel that this house is an important part of the history of Kingsville. It was built around 1924 and given as a wedding present to Dr. T. D. Campbell and his new bride Esther, by Esther's father, Bon Jasperson, one of the most prominent men in Kingsville at the time. My mother, Jane, who is 90 years old now, grew up in the house with her sister Anne: it is the scene of so many happy memories for them, my cousins and for my brother Tom and myself. Countless lives were helped by my grandfather, for a time the sole dentist in town – patients would often drop by with something they could offer Dr. Campbell in lieu of payments they could not afford, i.e. fish or produce or baked goods, since my grandfather would never turn a patient away, even if they couldn't afford to pay for his services. And so this house is not only a part of my own family history but of Kingsville itself.

Old buildings are a living, visible, touchable part of a small town's history. Yes, that history can be found in pictures, in library books, in documents. But it is a different thing to live amongst some of the things built and left behind by those who came before us. Those buildings remind us who we are, what the town used to look like, they give a small-town and personal feel to a place that big box stores and condos do not. They carry the stories of our shared history, right there in front of us, and spark our imaginations and memories. Beautiful, elegantly crafted old buildings like the Campbell house give a small town a unique identity. Without them, one town looks like any other. These homes are more than wood beams and stone foundations and woodwork and stained glass windows -- they provide us with a sense of stability and continuity: we live here now, and over there is the home of people who lived here 100 years ago. We are part of that long line reaching back to them, a line that we value and respect. A community that has existed across time.

Some of our physical history is protected in museums and public collections or with heritage designations. But some of our history is right there beyond the sidewalk that we casually walk and drive past every day. Much of our history is in private hands. Being in

private hands does not mean the owner can do whatever they want with a piece of history: those who own a part of our shared inheritance have a responsibility to it and to us, whether it is a 500 year old painting or a 95 year old house. Just because you own it does not mean you have the right to throw a Rembrandt on the fire. Just because you own it ~ heritage designation or not ~ does not mean you have the moral right to hand a historic house over to be destroyed for profit. In some ways this is not just *your* house, to do with as you please. When we own a piece of history we are its caretakers: ownership comes with a responsibility to the larger community.

Change is sometimes good, sometimes necessary. But change without context is disconnected and inconsistent. And change that wipes out the heirlooms of our history is a grievous and irreversible mistake, a loss to everyone, and a gain only to those who profit from it.

In closing I would ask what is the point of having a town plan if it is thrown out the window when someone comes in with bags of money shouting “Progress!”? Shouldn't any town plan be only diverted from in extreme and emergency situations?

The decision that you make in situations such as this must represent and reflect the values of the people of Kingsville. I hope that they – and you – have enough respect and affection for your own history to make the right choice and to preserve this beautiful home.

Sincerely,

Laurie Campbell Lynd

MR. LAURIE LYND.

Dear Minister Clark,

We are writing to you on behalf of the citizens of Wainfleet as part of our ongoing disaster recovery efforts arising from the October 31, 2019 wind storm and seiche along the north shore of Lake Erie.

During that event, citizens in the Township experienced considerable damage and loss to property and private infrastructure. These properties will continue to be at risk during recovery efforts, should other extreme weather events occur.

With this in mind, we respectfully request that you activate the Disaster Recovery Assistance for Ontarians program (DRAO) to assist our efforts.

We have every confidence that your support in this matter will allow our residents to recover, rebuild and resume their lives after what has been a very difficult and trying ordeal.

On behalf of the Township of Wainfleet, we thank you for your consideration and will continue to work diligently with Ministry staff going forward.

Respectfully,

Kevin Gibson

Dear Honourable Sir:

**Re: Resolution Regarding Enforcement for Safety on Family Farms**

Please be advised that Warwick Township Council adopted the following resolution at their regular meeting on June 17, 2019:

***WHEREAS agriculture is the second largest industry in Ontario, contributing \$13.7 billion annually to Ontario's GDP and is essential for putting food on the tables of millions of people here and around the world;***

***AND WHEREAS in recent months there has been a steady increase in harassment of farmers and livestock transporters by activists opposed to animal agriculture and the consumption of animals;***

***AND WHEREAS the protests have become blatantly illegal in nature with extremist groups trespassing onto private property, unlawfully entering into buildings and removing animals without fear of prosecution and even promoting and publishing their crimes on social media;***

***AND WHEREAS maintaining proper biosecurity is essential to ensure the health and well-being of the animals cared for on these agricultural operations;***

***AND WHEREAS the recent attacks on farmers homes and businesses have resulted in no criminal charges laid, leaving farmers feeling unprotected by the Ontario legal system and afraid for the welfare of themselves, their families, their employees and the animals they care for;***

***NOW THEREFORE BE IT RESOLVED THAT the Council for the Corporation of the Township of Warwick requests that Hon. Doug Downey work with his fellow MPP's and agricultural leaders to find a better way forward to ensure stronger enforcement of existing laws - or new legislation - to ensure the safety of Ontario's farm families, employees and animals;***

**AND BE IT FURTHER RESOLVED THAT this motion be circulated to Hon. Doug Downey, Ministry of the Attorney General, Hon. Doug Ford, Premier of Ontario, Hon. Sylvia Jones, Solicitor General and Hon. Ernie Hardeman, Minister of Agriculture, Food and Rural Affairs and all Municipalities in the Province of Ontario, AMO, and ROMA.**

Dear Honourable Sir:

Re: Enforcement for Safety on Family Farms

Please be advised that the Council of the Township of South Frontenac passed the following resolution at their meeting August 6, 2019:

That Council support the resolution passed by the Township of Warwick regarding the safety on family farms,

And that the Premier, Attorney General, Minister of Agriculture, Food and Rural Affairs, AMO, ROMA and all other municipalities be informed of this decision.  
Carried.

Our Council was strongly supportive of the Township of Warwick's position to find a better way to ensure stronger enforcement of existing laws or the creation of new legislation to ensure that the safety of Ontario's farm families, employees and animals. There have been a number of incidents recently where farmers and livestock transporters have been harassed and activists have had no regard for private property and leaving farmers feeling unprotected by the Ontario legal system. A copy of the Township of Warwick resolution is attached.

We look forward to receiving any updates on this matter.

Good afternoon,

The Town Orangeville passed the following resolution at its January 13, 2020 Council meeting:

13.1 Councillor Peters – Environmental Awareness and Action

Resolution 2020-14

Moved by Councillor Peters

Seconded by Councillor Post

That the Town of Orangeville supports continuation of the programs and services of the CVC, both mandatory and non-mandatory, and that no programs or services of the CVC or other CAs in Ontario be “wound down” at this time; and

That the Minister of the Environment, Conservation, and Parks give clear direction as to what programs and services are considered mandatory and non-mandatory and how those programs will be funded in the future; and

That the Minister of the Environment, Conservation, and Parks recognizes the strong and positive Provincial role Conservation Authorities (CAs) play in flood risk reduction programs and reinstates funding to the CAs of Ontario; and

That this resolution be forwarded to the Minister of the Environment, Conservation, and Parks, Premier Doug Ford, MPP Sylvia Jones, the Association of Municipalities of Ontario, the Credit Valley Conservation Authority, Conservation Ontario, and all Ontario municipalities.

## The Corporation of the Town of Tecumseh

January 10, 2020

Honourable Jeff Yurek  
Minister of the Environment, Conservation and Parks  
College Park 5<sup>th</sup> Floor  
777 Bay Street, Toronto, ON  
M7A 2J3

Dear Mr. Yurek:

**Re: Climate Change Emergency Declaration**

The Council of the Town of Tecumseh, at its regular meeting held Tuesday, December 10, 2019, gave consideration to Report CAO-2019-12 entitled "Climate Change Emergency Declaration", a copy of which is enclosed.

At the meeting, Tecumseh Council passed the following resolution: (RCM 390/19)

**Whereas** the most recent report by the UN Intergovernmental Panel on Climate change (IPCC) has indicated that within less than 12 years, in order to keep the global average temperature increase to 1.5 degrees Celsius and maintain a climate compatible with human civilization, there must be a reduction in carbon emissions of about 45% from 2010 levels, reaching net zero carbon emissions by 2050; and

**Whereas** based on current projections of the future impacts of human caused climate change, climate change will adversely impact Windsor-Essex's local economy, damage local infrastructure and property, put a strain on municipal budgets and result in significant economic and health burdens for the constituents of Windsor-Essex, particularly our vulnerable populations; and

**Whereas** climate change will jeopardize the health and survival of many local plant and animal species, as well as their natural environments and ecosystems; and

**Whereas** Windsor-Essex is already experiencing large and increased climate change impacts, including but not limited to overland flooding, heavy rain event flooding, emergence of invasive species, an increased number of high heat days, the rise of vector borne diseases, the re-emergence of blue-green algae and harmful algal blooms in our lakes and rivers; and

**Whereas** municipalities are understood to produce and/or have regulatory jurisdiction over approximately 50% of carbon emissions in Canada; and

**Whereas** the County of Essex joins the Government of Canada and 444 Canadian municipalities (including Vancouver, Ottawa, Montreal, and 18 other Ontario municipalities, among them Chatham-Kent, Sudbury, Sarnia, Guelph, and Kingston) that have declared climate emergencies, some of which are also implementing strategic plans in order to help reduce global carbon emissions and mitigate the impacts of climate change; and

**Whereas** the City of Windsor, the Essex Region Conservation Authority (ERCA) and the Windsor Essex County Health Unit (WECHU) are committed to and currently undertaking city and regional climate change planning, encompassing both mitigation and adaptation, in partnership with others; and

**Whereas** the County of Essex, the Essex Region Conservation Authority (ERCA), local municipalities in Essex County, in partnership with other community stakeholders, are undertaking a Regional Community Energy Plan to assist the County of Essex and local municipalities to align with provincial and federal energy policies and programs; and

**Whereas** this emergency is an opportunity to bring together County, City and Local municipal governments, as well as regional stakeholders to work together on climate change planning and implementation with the aim of protecting our region and contributing to greater national and global climate change response; and

**Whereas** implementing climate action and making a transition to a low-carbon economy also represents a significant opportunity to stimulate economic growth, increase job opportunities and develop new technologies;

**Therefore be it resolved that** the Council of The Corporation of The Town of Tecumseh declare a Climate Emergency in the knowledge that this is an emergency with no foreseeable conclusion which will require robust and permanent changes in how municipalities conduct their business;

**And that** in response to this emergency, the need to reduce overall emissions from the Town of Tecumseh as well as continue to prepare for Windsor-Essex County's climate future are deemed to be high priorities when considering budget direction and in all decisions of Council;

**And further that** the Town Administration be directed to identify priority action items, implementation measures and cost requirements for those programs and services it is responsible for, to accelerate and urgently work towards the reduction of emissions and preparing for our climate future.

Carried”

Please consider this letter as confirmation of the Town of Tecumseh's action on the above matter.

**The Corporation of the  
Town of Tecumseh**

Chief Administrative Officer

**To:** Mayor and Members of Council  
**From:** Margaret Misek-Evans, Chief Administrative Officer  
**Date to Council:** December 10, 2019  
**Report Number:** CAO-2019-12  
**Subject:** Climate Change Emergency Declaration

---

**Recommendations**

It is recommended:

**Whereas** the most recent report by the UN Intergovernmental Panel on Climate change (IPCC) has indicated that within less than 12 years, in order to keep the global average temperature increase to 1.5 degrees Celsius and maintain a climate compatible with human civilization, there must be a reduction in carbon emissions of about 45% from 2010 levels, reaching net zero carbon emissions by 2050; and

**Whereas** based on current projections of the future impacts of human caused climate change, climate change will adversely impact Windsor-Essex's local economy, damage local infrastructure and property, put a strain on municipal budgets and result in significant economic and health burdens for the constituents of Windsor-Essex, particularly our vulnerable populations; and

**Whereas** climate change will jeopardize the health and survival of many local plant and animal species, as well as their natural environments and ecosystems; and

**Whereas** Windsor-Essex is already experiencing large and increased climate change impacts, including but not limited to overland flooding, heavy rain event flooding, emergence of invasive species, an increased number of high heat days, the rise of vector borne diseases, the re-emergence of blue-green algae and harmful algal blooms in our lakes and rivers; and

**Whereas** municipalities are understood to produce and/or have regulatory jurisdiction over approximately 50% of carbon emissions in Canada; and

**Whereas** the County of Essex joins the Government of Canada and 444 Canadian municipalities (including Vancouver, Ottawa, Montreal, and 18 other Ontario municipalities, among them Chatham-Kent, Sudbury, Sarnia, Guelph, and Kingston) that have declared climate emergencies, some of which are also implementing strategic plans in order to help reduce global carbon emissions and mitigate the impacts of climate change; and

**Whereas** the City of Windsor, the Essex Region Conservation Authority (ERCA) and the Windsor Essex County Health Unit (WECHU) are committed to and currently undertaking city and regional climate change planning, encompassing both mitigation and adaptation, in partnership with others; and

**Whereas** the County of Essex, the Essex Region Conservation Authority (ERCA), local municipalities in Essex County, in partnership with other community stakeholders, are undertaking a Regional Community Energy Plan to assist the County of Essex and local municipalities to align with provincial and federal energy policies and programs; and

**Whereas** this emergency is an opportunity to bring together County, City and Local municipal governments, as well as regional stakeholders to work together on climate change planning and implementation with the aim of protecting our region and contributing to greater national and global climate change response; and

**Whereas** implementing climate action and making a transition to a low-carbon economy also represents a significant opportunity to stimulate economic growth, increase job opportunities and develop new technologies;

**Therefore be it resolved** that the Council of the Corporation of the Town of Tecumseh declare a Climate Emergency in the knowledge that this is an emergency with no foreseeable conclusion which will require robust and permanent changes in how municipalities conduct their business;

**And further that** in response to this emergency, the need to reduce overall emissions from the Town of Tecumseh as well as continue to prepare for Windsor-Essex County's climate future are deemed to be high priorities when considering budget direction and in all decisions of Council;

**And further that** the Town Administration be directed to identify priority action items, implementation measures and cost requirements for those programs and services it is responsible for, to accelerate and urgently work towards the reduction of emissions and preparing for our climate future.

## **Background**

Recently the Council for the County of Essex passed a Climate Change Emergency Declaration, as attached to this report. In that Declaration, the final paragraph urges the local municipalities in Essex County to adopt a similar declaration, as an endorsement. The City of Windsor made its declaration of climate change emergency on November 18<sup>th</sup> and the Essex Region Conservation Authority (ERCA) endorsed the resolution at its most recent meeting. Hundreds of Canadian municipalities, including neighbouring Chatham-Kent have passed similar declarations.

## **Comments**

The endorsement of such a declaration is in keeping with Council's strategic priorities to make Tecumseh a better place to live, work and invest, to ensure that the Town's current and future growth is built upon the principles of sustainability, to integrate the principles of health and wellness into all of the Town's plans and priorities and to demonstrate a leadership role in the community.

The recent initiative to partner with the County and the area municipalities and ERCA to co-create a Community Energy Plan is among the primary steps taken by the Town to mitigate climate change, create economic efficiencies and improve energy performance. Policy and program initiatives are already underway to address climate change including a climate action policy framework in the new Official Plan, the new Storm Water Management Standards, the Flood Emergency Preparedness Plan, with associated Action Plan and the Tecumseh Storm Drainage Master Plan. Additional work is planned that aligns with the final paragraph of the resolution directing Administration to identify priority action items, implementation measures and costs to accelerate efforts to prepare for our climate future.

## **Financial Implications**

The financial implications associated with studies, plans and the implementation of recommended actions will be provided to Council as part of the annual operating and capital budgeting process. There are no immediate financial implications associated with making the declaration.

## Link to Strategic Priorities

### Applicable

### 2019-22 Strategic Priorities

- Make the Town of Tecumseh an even better place to live, work and invest through a shared vision for our residents and newcomers.
- Ensure that Tecumseh's current and future growth is built upon the principles of sustainability and strategic decision-making.
- Integrate the principles of health and wellness into all of Tecumseh's plans and priorities.
- Steward the Town's "continuous improvement" approach to municipal service delivery to residents and businesses.
- Demonstrate the Town's leadership role in the community by promoting good governance and community engagement, by bringing together organizations serving the Town and the region to pursue common goals.

**RE: Report No. 105 of the Windsor-Essex County Environment Committee – Climate Change  
Emergency Declaration**

The Essex Region Conservation Authority strongly supports the proposed climate emergency declaration by the Windsor-Essex County Environment Committee for the City of Windsor and County of Essex.

In 2019 alone, our region has experienced first-hand the impacts of warmer, wetter and wilder effects of climate change. Record high water levels in Lake Erie and Lake St. Clair, which resulted in closures of roads and facilities, parks and conservation areas, placed our region under flood watch for 189 days and caused flooding throughout the region and our shorelines.

These challenges follow successive years of intense rain events in 2016 and 2017 that resulted in over 9,000 reports of flooding and hundreds of millions of dollars in insured losses. Significant spring rainfall severely disrupted crop cycles and associated farm revenues. Changes in weather patterns have resulted in annual reoccurrence of harmful algal blooms in Lake Erie and, more recently, Lake St. Clair. New vector borne diseases are being found in our region.

Both the evidence and the science are very clear that the impacts of climate change are very apparent, perhaps here more than anywhere else in Ontario. Our municipalities are at the front line of much climate damage and are taking steps to address impacts of climate change through mitigation and adaptation – investing in infrastructure, strengthening flood and emergency response plans, undertaking shoreline management and hazard mapping, supporting community energy planning, building active and alternative transportation options, and reviewing planning tools to ensure they reflect provincial policies and local climate realities.

With this declaration, our municipalities recognize that these 'permanent and robust changes' can best be achieved through partnerships and collaboration. The Windsor Essex Climate Change Collaborative, formed earlier this year, commits the Essex Region

Conservation Authority to support our municipalities as they prepare for the future climate and we are looking forward to working with the City, County and municipalities to develop action plans that reflect both the steps we are taking today, and the actions we need to take in the future.

ERCA is dedicated to sustaining and enriching the environment of the Windsor-Essex-Pelee Island region to ensure it continues to be the Place for Life in the face of these immense environmental challenges.

Dear Municipal Partner:

First, I want to take the opportunity to wish you a Happy New Year.

Further to the letter I sent you on December 16, 2019, I am pleased to notify you that our survey to inform the development of Ontario's next Poverty Reduction Strategy is now live on [Ontario.ca/povertysurvey](https://Ontario.ca/povertysurvey) and will be available online until March 30, 2020.

Our government believes that the people of Ontario are the province's greatest asset and when the people of Ontario succeed, our economy and province succeed. It is our shared responsibility to create the best conditions for people to reach their potential. We need and we want to listen to municipalities, Indigenous partners, members of the community, service providers, employers, and local partners to find new and innovative ways to support people during challenging times and create the conditions that will help them build a better life.

To support the development of our new Poverty Reduction Strategy, we are asking residents of Ontario to take 30 minutes and answer our survey as we seek new ideas on how we can:

- Encourage job creation and connect people to employment
- Provide people with the right supports and services
- Lower the cost of living and make life more affordable.

As part of a new strategy, we will set a target for poverty reduction and identify indicators to measure progress to ensure we are achieving results.

The survey can be accessed at [Ontario.ca/povertysurvey](https://Ontario.ca/povertysurvey). Please feel free to share the survey link with your community members and colleagues.

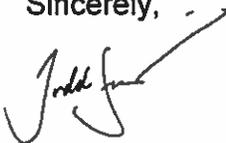

.../cont'd

In addition, we are also welcoming written submissions that can be sent by e-mail to [prso@ontario.ca](mailto:prso@ontario.ca) or by mail to Poverty Reduction Strategy, 3rd Floor, 315 Front Street West, Toronto ON, M7A 0B8. If there are any questions on how any personal information such as names and addresses that are included with a submission will be used, please contact: Manager, Strategic Policy Unit, MCCSS by e-mail at [prso@ontario.ca](mailto:prso@ontario.ca) or by telephone at (647) 308-9963.

I encourage you to share information about this consultation, including the survey link, with service providers, Indigenous partners and businesses in your community. I look forward to receiving input from Ontario residents as we work together to make a difference in reducing poverty in the province.

Sincerely,

To Members of Kingsville Police Services Board and Town Council

RE: 2020 OPP Governance Summit

On Thursday, January 30, 2020, I had the opportunity to attend the above noted governance summit in Toronto to specifically work with the membership of the Ontario Association of Police Service Boards (OAPSB) and their current review of the legislative requirements pertaining to the OPP and Section 10 PSBs.

There were several areas of importance to our community and area police service boards at the government moves towards writing the regulations for the new Community Safety & Policing Act, 2019 (CSPA) which is coming into play replacing the original Police Services Act of 1990. The summit served as a 'policy day' for the legislative framework in the modernized CSPA and with support from the OAPSB and representatives from the Ministry of the Solicitor General, provided a review of the pending legislative requirements and ongoing work that the Ministry itself was engaging in specific to OPP Governance Matters for regulation. I have provided copies of the detailed presentations that outline the principles that the Ministry is utilizing in the development of the 'to be announced' regulations.

Just for a statistical point of reference in Ontario, there are 63 OPP Regional Detachments that represent 263 municipalities today. Our regional detachment is the Essex County Detachment, which hosts five municipalities, including Kingsville. The new Act has identified that Section 10 Boards will no longer be cited in legislation and that they be replaced by proposing OPP Detachment Boards be installed for the region as the new order. There are significant changes and requirements proposed for members being appointed to the new boards and the attachments herein best detail those parameters. Further, an OPP Advisory Council will be coming soon as well in keeping with new pieces of the legislative framework. Again, the regulations around this are not written yet but the process is underway.

In this effort to respond, our municipal council and police service board membership has provided some considerations and concerns prior to this meeting, and our five joint municipal police service boards have also been working collaboratively to help identify a local solution that may work best for our proposed regional board. The goal is to ensure representation is maintained at this larger board for our communities. Included in this

package is the effort and comments that our joint police boards have developed to date. More refining is expected over the next few weeks.

Finally, the province has announced a series of upcoming OPP Regional Roundtable Session where the Solicitor General has invited further input and discussion with municipalities, and band councils regarding these OPP-related regulatory changes under the CSPA, 2019. Both myself, and our Kingsville PSB Vice-Chair Will Chisholm are scheduled to attend in London, on February 19, 2020.

Sincerely,

A handwritten signature in cursive script, appearing to read "Nelson Santos".

## OPP Detachment Board Report

### Background

The *Comprehensive Ontario Police Services Act, 2019* received Royal Assent on March 26, 2019 creating the *Community Safety and Policing Act, 2019* (CSPA). Once in force, the CSPA will replace the *Police Services Act, 1990*. The Solicitor General is working toward bringing the CSPA into effect in 2021. In advance of that, regulations must be developed, and the Province has committed to broad community consultation on these regulations.

The new CSPA carries over similar principles as are currently in effect in the *Police Services Act* (PSA). Principles new to the CSPA include an additional requirement for police service boards to be representative of the communities they serve. There is also a new principle that ensures all parts of Ontario including First Nation (FN) Territories receive equitable levels of policing.

The Solicitor General has new duties under the CSPA, including the duty to develop, promote and provide education and training toward professional policing and a duty to assist members of police service boards, OPP detachment boards and FN OPP boards in performing their duties.

The CSPA is predicated on the provision of 'adequate and effective police services'; this is carried over from the current PSA. Adequate and effective police services must include crime prevention, law enforcement, assistance to victims of crime, public order maintenance and emergency response. The CSPA provides flexibility to add other policing functions by regulation. The new CSPA also requires that policing functions be delivered in accordance with:

- the Canadian Charter of Rights and Freedoms and the Ontario Human Rights Code; and
- a conflict of interest standard to be set in regulation.

The CSPA clarifies that the enforcement of municipal by-laws (except as may be set out in regulation) and court security are not part of the requirement for adequate and effective police service delivery.

The CSPA makes police service boards and the Commissioner of the OPP responsible for the delivery of adequate and effective policing in their area of policing responsibility. Municipalities continue to have options regarding how policing services are delivered, including establishing their own police service, sharing a municipal police service or through the OPP.

## Introduction

For municipalities with OPP service, Section 10 agreements between municipalities and the OPP will not exist under the CSPA. Municipalities with Section 10 police service boards are to transition to an OPP detachment board. Municipalities can still enter into agreements for additional services/enhancements (for services not required as part of adequate and effective policing) under the CSPA. A regulation is to be developed to guide the transition from PSA agreements to the CSPA, including alignment of OPP billing to a detachment board model.

The CSPA creates a requirement for one OPP detachment board per OPP detachment. A regulation will be developed that sets out requirements for community representation and input, including:

- board composition, in terms of size and representation;
- board member terms of office; and
- board member remuneration.

The regulation will also address detachment board flexibility to address geography, where more than one board may be needed, such as northern communities.

OPP detachment boards are to represent the full diversity of population groups within a detachment, e.g. Indigenous peoples, Franco-Ontarians, etc. Municipalities in a detachment are responsible for sharing the costs of operating a detachment board.

Given this reality, a meeting was convened on December 18, 2019 with the Mayors, the Police Service Boards Chairs and the respective municipal Chief Administrative Officers from Tecumseh, Lakeshore, Essex, Kingsville & Leamington to prepare recommendations for the Community Safety & Policing Act regulations.

The following individuals participated in the meeting:

### **Town of Essex:**

Larry Snively – Mayor and PSB Chair

Kim Verbeek – PSB Vice Chair

Chris Nepszy – CAO

### **Town of Kingsville:**

Nelson Santos, Mayor and PSB Chair

Will Chisholm, PSB Vice Chair

Peggy Van Mierlo-West, CAO

### **Town of Lakeshore:**

Tom Bain, Mayor

Francis Kennette, PSB Chair

Kristen Newman, Director of Legislative and Legal Services

**Municipality of Leamington:**

Joan McSweeney, PSB Vice Chair  
Ruth Orton, Director of Legal and Legislative Services

**Town of Tecumseh:**

Gary McNamara, Mayor  
Christopher Hales, PSB Chair  
Margaret Misk-Evans, CAO  
Ellen Preuschat, PSB Recording Secretary

The purpose of this report is to summarize the feedback from the December 18, 2019 meeting and make recommendations to the Community Safety & Policing Act regulations.

**Recommendations to the *Community Safety & Policing Act* Regulations**

The discussion was organized around three themes with recommendations and context presented for each theme as follows:

**1. Composition of OPP Detachment Boards**

- a) Flexible approach including diversity requirements of population groups within a detachment.

It was discussed that for larger detachments (containing a higher number of municipalities) the model could become unwieldy therefore the recommendation is for a flexible approach. Participating municipalities could self-govern, within a certain framework, i.e. change the terms of reference on what the board looks like, with Ministerial approval.

There was agreement that every municipality needs a voice and should be represented on the detachment board. This approach could also assist in meeting the CSPA diversity requirements.

- b) Representatives by municipal population: up to 10,000 has one member appointed to the detachment board, and two members appointed with a population of 10,000 + 2 provincial representatives.

There was consensus that equal representation by municipality is not the ideal situation. It was proposed that a form of representation by population be instituted. The group agreed on the recommendation that a municipality with a population up to 10,000 has one member appointed to the detachment board, and two members appointed with a population of 10,000 +.

Based on the context above, the recommended composition of the new detachment board (Tecumseh, Lakeshore, Essex, Kingsville & Leamington)

would be 2 representatives from each municipality present plus 1 from Pelee Island and 2 provincial appointments (as per legislation).

- c) Representatives chosen by individual councils: may be Mayor, Council member and/or citizen.

The group discussed the fact that the Board provides oversight, however the Council approves the contract/budget and that these are different functions. From that perspective, it is important to have Mayor/Council representation on the board. The final conclusion, following further discussion, was that it should be up to each individual Council to decide who will represent them.

- d) Term is same as Council – with community members up to 8 years.

Regarding terms of office, it was emphasized that there is a significant training/orientation period for new members and continuity is critical. Members indicated that a longer term would be ideal with 6 to 8 years maximum service. Terms for elected officials would be defined by their Council terms however community appointees could serve for multiple terms, to a maximum of two terms or 8 years.

- e) Remuneration standardized for the group.

To ensure the equitable distribution of remuneration across the detachment the group proposes that each board member would be remunerated equally. In other words, remuneration would be the same for each member, regardless of which municipality appoints the individual.

## **2. Transitioning to OPP Detachment Boards**

- a) One bill per detachment board that is based on hours of service vs. calls to enhance transparency and accountability for officer hours.

Discussion included concerns with the current billing model primarily related to value for money. Municipalities have no way of assessing proactive policing service received in a model that relies on reactive service calls as the basis for billing and reporting. The group recommended an open and transparent model like the previous hours of service approach. Also, as an integrated service – officers and staff may be moved from municipality to municipality. The group agreed that they don't need to break down for calls for service and that hours of service would better reflect an integrated service delivery model including a provision for a guaranteed minimum staffing level for each shift. Allowance would be made for OPP coverage of major incidents.

- b) Municipalities responsible for own enhancements.

As is current practice, the group supported Municipalities having the ability to enhance services within their community and be responsible for funding and implementing the enhancement.

- c) Define adequate and effective policing with input into the definition from each community or provide opportunity for municipalities to define locally.

The group discussed revising the whole approach toward “adequate and effective policing,” incorporating feedback from municipalities regarding the definition. It is recommended that the regulations should more clearly spell out what is meant by adequate and effective policing. As the billing model is a regulation, this may be the ideal time to re-define adequate and effective policing.

### **3. OPP Board Governance**

- a) A representative of the detachment board must report to Council regularly and provide feedback from Council through a formal feedback mechanism including comparing statistics and metrics for accountability.

With the expectation that each municipality would have adequate representation, the role would include ensuring statistics and metrics are collected and communicated back to each Council. The group felt strongly that this must be a formal feedback mechanism, reporting must be mandated from the detachment board to each municipality in the detachment with a prescribed format for municipal questions/concerns/requests to be considered by the board. Similarly, there must be a mechanism whereby each Council can provide input to local action plans and strategies affecting policing in their community.

- b) Development and updating of the local action plan to increase local engagement and input into decision making.

The group recommends a bottom up approach input process regarding the development and updating of the local action plan. This approach would demonstrate how the board is unique with distinctive partners. Mandatory consultation with Municipal Council regarding the development of the Local Action Plan is recommended to ensure boards establish objectives, priorities and policies for the entire detachment, not just for policing a single community within the detachment area.

The current feeling among the group is that existing PSBs do not have adequate decision making powers and with fewer boards, it is believed that we will have less say on the policing service provided, without a mechanism in the regulation to provide otherwise. Regular meetings, regular consultation and presentation of

statistics (metrics to be included in the action plan, DC responsible for reporting out of the metrics) would improve engagement and accountability.

- c) Develop regulations for the funding formula that reflects the added time and responsibility of developing local policies and action plans, as well as, reporting to member municipalities.

The group discussed that the regulations should set out a funding formula, i.e. based on per property, per person, per household for funding detachment board operations including timelines for submission to partners for budgeting. It was noted that detachment boards' compensation would need to reflect the added time and responsibility of developing local policies, action plans, governance training and reporting to member municipalities.

## **Conclusion**

The *Community Safety and Policing Act* has established a requirement for one OPP detachment board per OPP detachment with requirements for community representation and input. The Municipalities of Tecumseh, Lakeshore, Essex, Kingsville & Leamington convened a meeting to discuss the regulation and prepare a report to provide input into the regulation. The above recommendations are intended to ensure that detachment boards will represent the needs of all municipalities served by the detachment while adhering to the CSPA.

# ***Community Safety and Policing Act, 2019: Ontario Provincial Police Regulatory Requirements***

**Presented to: Ontario Association  
of Police Services Boards (OAPSB)**

**Date: January 30, 2020**

# Purpose

- Provide an overview of the legislative changes under the Community Safety and Policing Act, 2019 (CSPA,2019) related to the Ontario Provincial Police (OPP).
- Discuss matters for regulation related to OPP Governance such as:
  - OPP Detachment Boards;
  - OPP Governance Advisory Council; and
  - Transitioning from the section 10 framework under the PSA to the new OPP detachment framework under the CSPA, 2019.

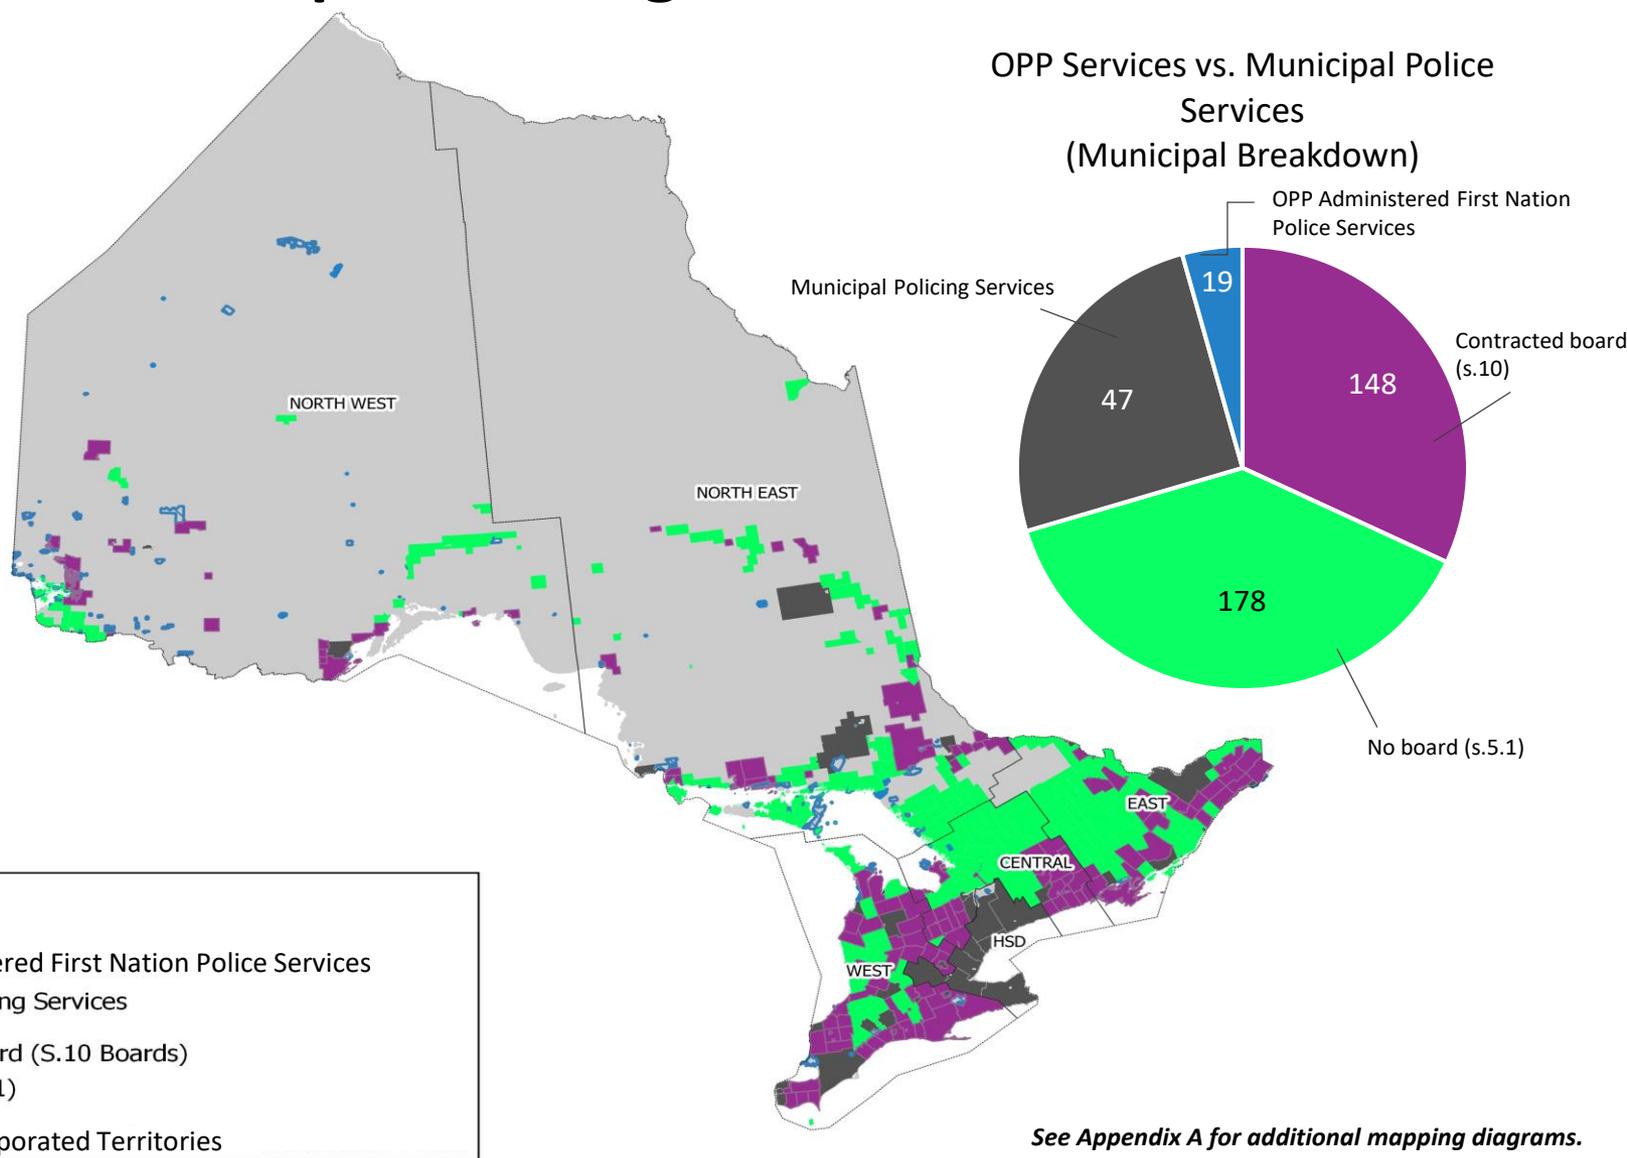

# Context

- On March 26, 2019, Ontario passed the *Comprehensive Ontario Police Services Act, 2019* (Bill 68) and established the *Community Safety and Policing Act, 2019* (CSPA, 2019).
  - Once in-force, the CSPA, 2019 will replace the *Police Services Act* (1990).
- The CSPA, 2019 supports the government's commitment to:
  - Strengthen public confidence in policing and maintain key independent policing oversight functions;
  - Demonstrate respect for front line policing personnel by building the right supports and fair processes to enable police to effectively perform their duties and ensure public safety; and
  - Deliver quality and efficient policing while also realizing better value for money.

# CSPA, 2019: Implementation Plan

- The ministry is targeting bringing the CSPA, 2019 into force in 2021.
- There are approximately **50 -70 matters for regulation** that will be developed to bring the CSPA, 2019 into force, including regulations related to the OPP.
- OPP related matters are under the following three thematic areas:
  - OPP Detachment Boards;
  - OPP Advisory Council; and
  - Transitioning from the section 10 framework under the PSA to the new OPP detachment framework under the CSPA, 2019.

# Current Landscape: Policing Services Across Ontario

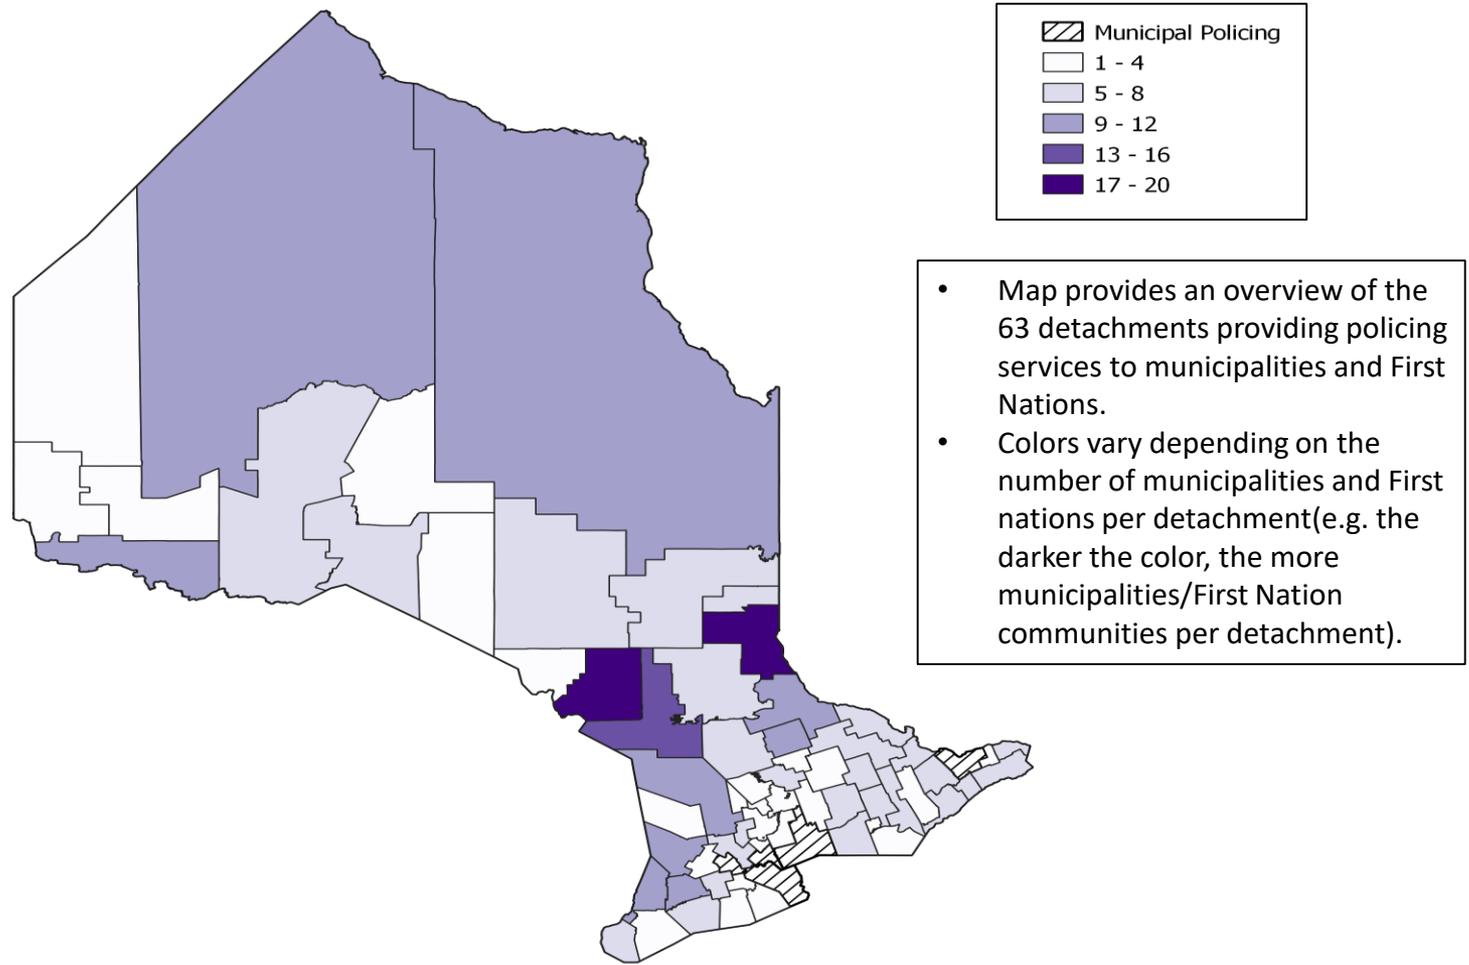

See Appendix A for additional mapping diagrams.

# Current Landscape: OPP Services Across Ontario

- The OPP provides policing services through 63 OPP detachments across five OPP regions.
- Through the 63 detachments, the OPP provides policing support and services to:
  - 326 of the 443 municipalities across Ontario; and
  - 45 First Nation communities.
- Each detachment serves anywhere from 1 to 20 municipalities and/or First Nation communities (see Appendix A.1) through a “host” detachment. Some detachments may also have multiple “satellite” detachment locations.
  - A detachment host location is the main operational center for the detachment and the commander.
  - A satellite location is a smaller report location that has some of the host detachments functionality (e.g., cells, administrative support, property vault, etc.).

# CSPA, 2019: OPP Governance Overview

## Solicitor General

- Develop the Strategic Plan for the OPP, in accordance with requirements in the CSPA, 2019;
- Establish policies that ensure the Commissioner provides adequate and effective policing in accordance with the needs of the population in the areas for which the Commissioner has policing responsibility; and
- Monitor and review Commissioner's performance.

# CSPA, 2019: Detachment Board Member Governance

## RECRUITMENT AND APPOINTMENT

- The appointing person/body shall take into consideration:
  - the representation of the area the board serves, having regard for the diversity of the population;
  - the need for the board to have members with the prescribed competencies; and
  - results of a potential appointee's police record check that was prepared within the past 12 months.

## TRAINING

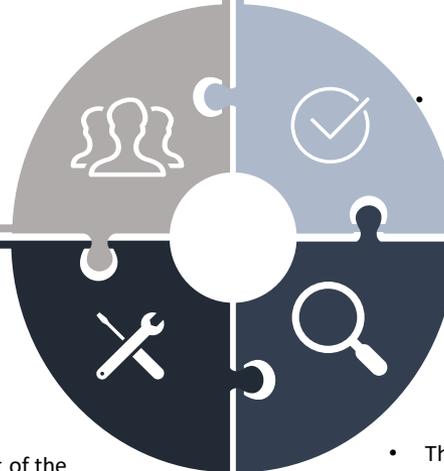

- Detachment board members must successfully complete training on:
  - Role of detachment board and responsibilities of members of the board;
  - Human rights and systemic racism;
  - The diverse, multiracial and multicultural character of Ontario society;
  - The rights and cultures of First Nation, Inuit and Métis Peoples; and
  - Additional training as prescribed in regulation by the Solicitor General.
- A detachment board member can not exercise the powers or perform the duties of their position until they have successfully completed the training on roles and responsibilities.

## SUPPORTING TOOLS

- OPP detachment boards must:
  - advise the Detachment Commander on the development of the local action plan;
  - determine objectives and priorities for the detachment, not inconsistent with the strategic plan prepared by the Minister, after consultation with the detachment commander or his or her designate.; and
  - consider any community safety and well-being plan adopted by a municipality or First Nation that receives policing from the detachment.
- The Code of Conduct will identify what behaviors detachment board members are prohibited from engaging in or required to perform.

## COMPLIANCE AND ENFORCEMENT

- The CSPA, 2019 requires all detachment board members to comply with the Code of Conduct.
- The CSPA, 2019 establishes the role of the IG to monitor, inspect, and ensure compliance with the act.
  - It also empowers the IG to monitor and conduct inspections of members of a OPP detachment board to ensure they do not commit misconduct.
- The IG will be able to impose remedies for detachment board members' misconduct and non-compliance under the CSPA, 2019.

# CSPA, 2019: Sequencing Regulatory Development

## Phase 1

- Administrative Matters (e.g., oath of office, CSWB time period for review)
- Codes of Conduct for Police Officers, Special Constables, Board Members (Municipal, OPP and First Nations) and Advisory Council
- Potential additional, First Nations Policing Opt-in Criteria
- Special Constables Framework
- Policing Functions Required in Every Community (Adequate & Effective)
- Required Adequate and Effective Standards, including Conflict of Interest
- Delivery of Policing

## Phase 2

- OPP Detachment Boards
- OPP Advisory Council
- OPP Billing (i.e., alignment with CSPA)
- Ontario Police Arbitration and Adjudication Commission (OPAAC) (e.g., OPAAC and committee composition)
- Equipment and Weapons
- Discipline (e.g., defining serious offence)
- Special Constables Training
- Additional Priority Adequate and Effective Standards (e.g., Human Trafficking, Domestic Violence)

## Phase 3

- Training for Police Officers, Board Members and Special Constables (e.g., human rights, anti-racism and indigenous training)
- Training Exemptions for the Appointment of Police Officers
- Information Sharing (i.e., what information is to be shared with the minister and how)
- Disclosure and De-identification of Personal Information
- Reporting on Internal Investigations (i.e., content for Chief's reports)
- Alternative Entry Stream for Appointment of Police Officers
- Post-Secondary Education Equivalency Criteria for Appointment of Police Officers
- Use of Force, including Race-based Data Collection, and De-escalation Framework

*Note: The phased sequencing of the work is based on the ministry's planned filing and in-force dates.*

### OPERATIONALIZATION:

- Front-line training to be updated on an on-going basis to reflect regulatory changes (e.g. core policing standards).
- Sector to address and implement the appropriate system changes (e.g. IT) and ensure policies and procedures meet new requirements.
- Additional transitional matters related to the OPP:
  - Dissolving Section 10 Boards;
  - Establishing OPP Detachment Boards (e.g. Recruitment and Appointments.)
  - Training of OPP Detachment Board Members as well as OPP Governance Advisory Council Members.

# Engagement

# **OPP Governance Under the CSPA, 2019**

# CSPA, 2019: Principles of the OPP Framework

1. Support and enhance local civilian governance by ensuring municipalities and First Nation communities receiving policing services from the OPP have an opportunity to represent their local perspectives, needs, and priorities;
2. Provide opportunities for municipalities and First Nations to collaborate on efforts to enhance community safety;
3. Enable OPP services to be delivered in a transparent, coordinated and more efficient manner.

# CSPA, 2019: OPP Detachment Boards

Matter	Key Objectives	Items for Discussion
<p><b>Size and composition of an OPP detachment board.</b></p>	<ul style="list-style-type: none"> <li>• OPP detachment boards should be representative of the communities the OPP serves.</li> </ul>	<p>The composition of OPP detachment boards should be based on principles such as:</p> <ol style="list-style-type: none"> <li>1. Representation from every municipality and band council receiving policing from the detachment.</li> <li>2. Community representatives who are not members of the municipal/band council nor an employee of the municipality/band council.</li> <li>3. A minimum number of board members.               <ul style="list-style-type: none"> <li>• For example, OPP detachment boards be composed of no less than 5 members.</li> </ul> </li> </ol>

## Key Considerations

- Composition requirements should account for the unique factors impacting OPP detachments (e.g. geography, population size, and service demands) across the province.
- Methods to ensure fair representation and enhance civilian governance while trying to minimize barriers that may adversely impact effective governance (e.g. large, unwieldy sized boards) are under consideration.
  - E.g. rotating appointments (see Appendix A.1).
- A minimum size requirement should be consistent with size requirements for municipal police services boards under the CSPA, 2019 but also allow for variations where appropriate.

# CSPA, 2019: OPP Detachment Boards Cont'd

Matter	Key Objectives	Items for Discussion
<p><b>Approach for establishing more than one board for a detachment.</b></p>	<ul style="list-style-type: none"> <li>• Ensure every municipality and band council served by the OPP has access to civilian governance and fair representation.</li> </ul>	<ul style="list-style-type: none"> <li>• Factors to be taken into consideration when determining if there should be more than one OPP detachment board per detachment include:               <ul style="list-style-type: none"> <li>• Geography;</li> <li>• Variations in population size;</li> <li>• The number of municipalities and First Nation communities within an OPP detachment; and</li> <li>• Service demands.</li> </ul> </li> </ul>

## Key Considerations

- Each OPP detachment board per detachment would be required to meet the composition/size requirements set out in regulation.
- Establishing multiple OPP detachment board per detachment could be a barrier to coordination and communication between municipalities and band councils in the detachment.
- Challenges with respect to recruiting members to boards (e.g. inability to fill vacancies) may be heightened when establishing more than one board per detachment.
- Municipalities in a detachment would be responsible for the costs of operating any additional OPP detachment boards, which is consistent with current practice.

# CSPA, 2019: OPP Governance Advisory Council

Matter	Key Objectives	Items for Discussion
<p><b>Composition of the OPP Governance Advisory Council</b></p>	<ul style="list-style-type: none"> <li>The OPP Governance Advisory Council will advise the Solicitor General on the exercise of her OPP-related duties (e.g. establishing and adopting a strategic plan for the OPP).</li> </ul>	<ul style="list-style-type: none"> <li>To support the Minister in the exercise of her duties with respect to the OPP, specific groups that should be represented on the OPP Governance Advisory Council include:               <ul style="list-style-type: none"> <li>First Nations;</li> <li>Indigenous Communities;</li> <li>Municipalities;</li> <li>OPP Regional Representatives; and</li> <li>Members that represent the diversity of Ontario (e.g. youth, Francophone populations, rural and urban representation, members of marginalized and racialized groups, mental health experts).</li> </ul> </li> </ul>

## Key Considerations

- Members of the OPP Governance Advisory Council should be representative of the interests of populations and groups receiving policing services from the OPP.
  - Under the CSPA, 2019, the Solicitor General is required to develop a strategic plan for the OPP that addresses several matters including interactions with specific groups and people youths, members of racialized groups, members of First Nation, Inuit and Métis communities, and persons who appear to have a mental health condition.
- Jurisdictional scans indicate that legislated advisory councils operating in Ontario range from 3-20 members.
  - E.g. Ontario Lung Health Advisory Council consists of 20 members.

# CSPA, 2019: Transition of OPP Billing Model

Matter	Key Objectives	Items for Discussion
<p><b>Aligning existing OPP billing framework to the CSPA, 2019</b></p>	<ul style="list-style-type: none"> <li>Ensuring the current OPP billing model under the <i>Police Services Act</i> (1990) corresponds with the provisions/language of the CSPA, 2019.</li> <li>Supporting the termination of section 10 agreements established under the <i>Police Services Act</i> (1990) and transitioning to the new OPP detachment framework under the CSPA, 2019.</li> </ul>	<ul style="list-style-type: none"> <li>Section 10 policing agreements between municipalities and the OPP will no longer exist under the CSPA, 2019.               <ul style="list-style-type: none"> <li>Municipalities captured under section 10 and section 5.1 of the PSA will be required to transition to the new OPP Detachment framework.</li> </ul> </li> <li>Transition to CSPA, 2019 will provide an opportunity to enhance the transparency of the OPP billing model while retaining the principles and methods of the current model.</li> <li>Municipalities may continue enter into agreements for additional services and enhancements (for policing that is not required as a component of adequate and effective) under the CSPA, 2019.</li> </ul>

## Key Considerations

- The required OPP policing services will continue to be delivered, either through agreements/contract extensions or renewals, until the CSPA, 2019 comes into force.
- Ministry to consider various methods to support municipalities to better understand their OPP billing statements and estimates.

# Next Steps

- Ministry to launch Regional Roundtable discussions in mid-February.
- Feedback from Regional Roundtables and Engagement Tables will be consolidated and used to formulate policy proposals for OPP-related matters for regulation.
- Draft regulatory language to be publicly posted for feedback.

# Discussion Questions

# OPP Detachment Boards

1. What approaches (e.g. rotating appointments) could be leveraged to ensure municipalities and First Nations are appropriately represented on OPP detachment boards?
2. Are there specific community groups/specializations (e.g. mental health, youth) that should be represented on an OPP detachment board?
3. Should there be a maximum size requirement that OPP detachment boards cannot exceed?
4. What are some examples of situations or circumstances that would make it necessary for there to be more than one OPP detachment board per detachment?

# OPP Governance Advisory Council

1. What methods (e.g. rotating appointments) could be used to ensure the interests of all communities receiving OPP services are represented by the OPP Governance Advisory Council?
2. What expertise and/or knowledge requirements should OPP Governance Advisory Council members have?

# Transition of OPP Billing

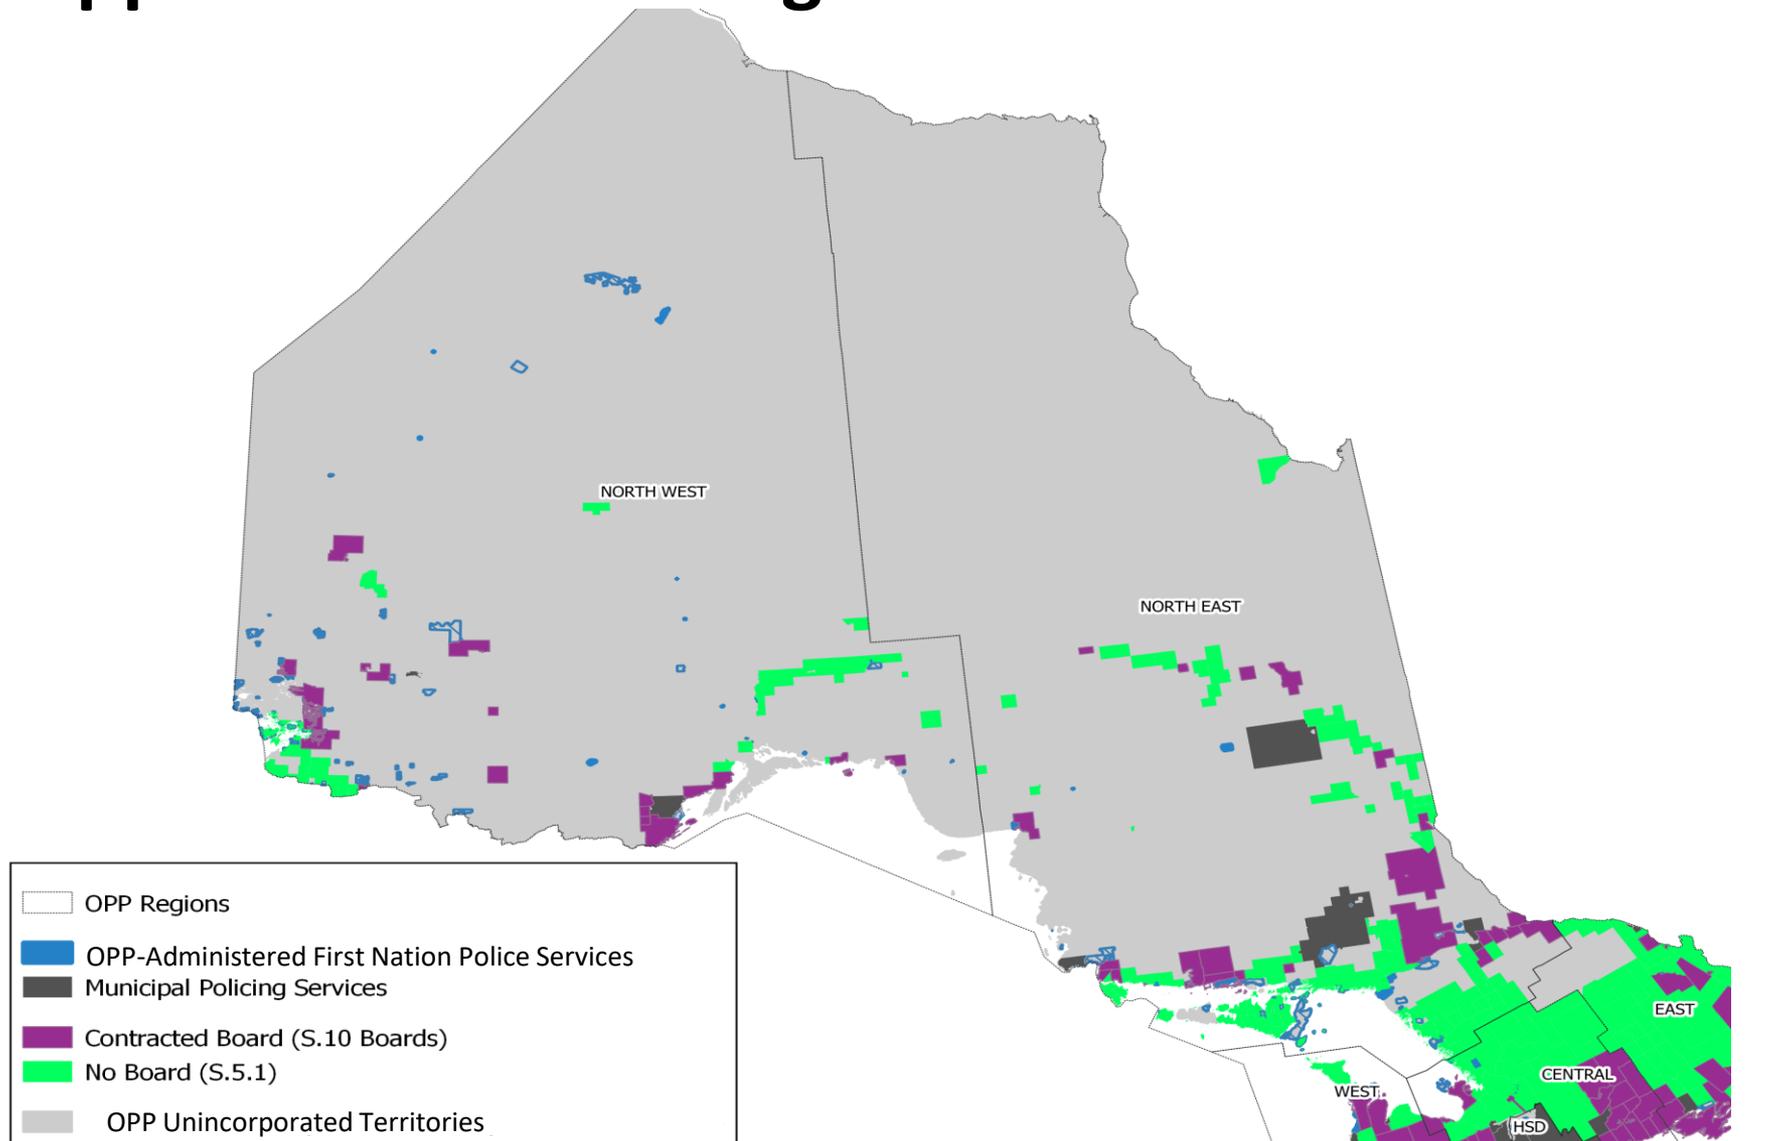

1. What are some ways in which the OPP billing model could be made more transparent?
2. What, if any, are some examples of issues or challenges related to the current format of the OPP billing statements?

## OPP Governance Summit 30 Jan 20 – Questions & Responses

1. ***What approaches could help ensure municipalities and First Nations are appropriately represented on OPP detachment boards?***
  - keep the same number of total board members that exists now
  - flexible approach whereby municipalities in the detachment area determine their own board structure
  - scale representation to population
  
2. ***Are there specific community groups/specializations (e.g. mental health, youth) that should be represented on an OPP detachment board?***
  - the need for provincial appointees to local boards was questioned by several delegates
  
3. ***Should there be a maximum size requirement that OPP detachment boards cannot exceed?***
  - most delegates felt that local boards should self-determine their size, as well as the number of boards in a detachment area
  
4. ***What are some examples of situations or circumstances that would make it necessary for there to be more than one OPP detachment board per detachment?***
  - travel distance
  - municipal council and existing board desires for representation and/or satellite boards
  
5. ***What assistance would help us govern better?***
  - clear, relevant governance performance standards
  - meaningful training
  - feedback on how we are doing, and how we can improve

# THE CORPORATION OF THE TOWN OF KINGSVILLE

## BY-LAW 14-2020

---

### Being a by-law to exempt certain lands from Part Lot Control (York Subdivision – Phase 4A – Plan 12M-587)

**WHEREAS** the Planning Act, R.S.O. 1990 c.P. 13, as amended, provides that part lot control shall apply where land is within a plan of subdivision registered before or after the coming in force of the Act;

**AND WHEREAS** subsection 7 of Section 50 of the said Planning Act provides that the council of a municipality may by by-law provide that part-lot control does not apply to land that is within such registered plan or plans of subdivision or parts thereof as is or are designated in the by-law, and where the by-law is approved by the planning authority, Subsection 5 of Section 50, ceases to apply to such land;

**AND WHEREAS** it is deemed desirable that the provisions of Subsection 5 of the Section 50 of the Planning Act shall not apply to certain lands within Registered Plan 12M-587, in the Town of Kingsville;

### **NOW THEREFORE THE COUNCIL OF THE CORPORATION OF THE TOWN OF KINGSVILLE ENACTS AS FOLLOWS:**

1. That Subsection 5 of Section 50 of the Planning Act, R.S.O. 1990, c.P. 13, does not apply to those parts of the registered plan described as follows:

All and singular those certain parcels or tracts of land and premises lying and being in the Town of Kingsville, being Lots 33 to 38 (inclusive), on Plan 12M-587, locally known as 136, 137 and 138 Golfview Dr. and 99, 101, 103 and 105 Conservation Blvd. and Lots 41 and 42, Plan 12M-587, locally known as 125 & 127 Golfview Dr.

2. That the development of the lands more particularly described in Section 1 of this by-law shall only be by way of descriptions of lands on a registered Reference Plan, which Reference Plan has been duly approved by the Corporation.
3. This by-law shall expire on February 10, 2023.

**READ A FIRST, SECOND AND THIRD TIME AND FINALLY PASSED THIS 10<sup>th</sup> DAY OF FEBRUARY, 2020.**

## BY-LAW 15-2020

---

### Being a By-law to confirm the proceedings of the Council of The Corporation of the Town of Kingsville at its February 10, 2020 Regular Meeting

**WHEREAS** sections 8 and 9 of the *Municipal Act, 2001* S.O. 2001 c. 25, as amended, (the "Act") provides that a municipality has the capacity, rights, powers and privileges of a natural person for the purpose of exercising the authority conferred upon a municipality to govern its affairs as it considers appropriate.

**AND WHEREAS** section 5(3) of the Act provides that such power shall be exercised by by-law, unless the municipality is specifically authorized to do so otherwise.

**AND WHEREAS** it is deemed expedient that the proceedings of the Council of The Corporation of the Town of Kingsville (the "Town") be confirmed and adopted by by-law.

### **NOW THEREFORE THE COUNCIL OF THE CORPORATION OF THE TOWN OF KINGSVILLE ENACTS AS FOLLOWS:**

1. The actions of the Council at its February 10, 2020 Regular Meeting in respect of each report, motion, resolution or other action taken or direction given by the Council at its meeting, is hereby adopted, ratified and confirmed, as if each resolution or other action was adopted, ratified and confirmed by its separate by-law.
2. The Chief Administrative Officer and/or the appropriate officers of the Town are hereby authorized and directed to do all things necessary to give effect to the actions set out in paragraph 1, or obtain approvals, where required, and, except where otherwise provided, the Mayor and the Clerk are hereby directed to execute all documents necessary and to affix the corporate seal to all such documents.
3. This By-Law comes into force and takes effect on the day of the final passing thereof.

**READ A FIRST, SECOND AND THIRD TIME AND FINALLY PASSED THIS
