RE: Annual Traffic By-Law Amendment (2020)

Report No.: MS2020 – 48

AIM

To provide recommendations to Council with respect to requested revision of Kingsville Traffic By-Law 21-2005.

BACKGROUND

Throughout the year, Administration receives a number of requests for revision of Kingsville Traffic By-Law 21-2005. These requests are investigated by Infrastructure Services, and if deemed valid, are then brought forth to the public for comment and feedback.

This year, two proposals warranted public feedback (listed below). Letters were sent to residents of the affected areas requesting their comments in regards to the proposals.

- Addition of 'No Parking' signs on the west side of Golfview Drive from Creekview Blvd to 26 Golfview Drive (map included in Appendix A).
- Addition of 'No Parking' signs adjacent to 141 and 143 Walker Drive (map included in Appendix B).

In October of 2020, the Town also received a petition from local residents requesting a speed reduction on Graham Sideroad from County Road 20 to Road 2 East. A copy of this petition is attached in Appendix C for your reference.

DISCUSSION

No Parking on the West Side of Golfview Drive from Creekview Blvd to 26 Golfview Drive

A complaint was registered with the Town suggesting parking on Golfview Drive obstructs visibility for drivers creating a safety hazard for pedestrians.

On-street parking is currently permitted on both sides of Golfview Drive. The area of concern consists primarily of townhomes with single driveways and no municipal sidewalks. There are no reported collisions in the past 3 years and traffic volumes are low.

Roads frequently congested with parked vehicles near intersections, curves, or schools are good candidates for parking restrictions. The area of concern on Golfview is a straight road with generally unobstructed sight lines. Further, the presence of parked vehicles on Golfview encourages traffic calming.

The feedback received was generally mixed with 11 residents in support of the proposal, and 12 residents opposed.

It is recommended that no changes to parking be made to Golfview Drive.

No Parking on Walker Drive Adjacent to MN#141 and MN#143

A parking prohibition on Walker Drive was proposed as vehicles often park within the curve, particularly before and after school hours. The road is used as a drop-off/pick-up area for students.

Parking on the inside radius obstructs visibility for oncoming vehicles. Reduced visibility with a high presence of children within the roadway warrants additional safety measures. Prohibiting parking on the inside radius restores visibility and limits the number of children attempting to cross the road.

The Town received 4 responses from residents, all supporting the proposal.

The recommendation is to install 'No Parking' signs adjacent to 141 and 143 Walker Drive

Graham Sideroad – Petition for Speed Reduction from County Road 20 to Road 2 East

In 2009, the Transportation Association of Canada ("TAC") issued the "Canadian Guidelines for Establishing Posted Speed Limits". This manual provides a systematic, consistent, and repeatable process for establishing speed limits and is widely used throughout the country.

The manual references the two most common engineering approaches to speed setting:

- Evaluation of the road characteristics and surrounding environment to determine a design speed
- Confirmation of the design speed by comparing this value to the actual 85th percentile speed

The first approach takes into consideration road alignment, lane widths, roadside hazards, pedestrian and cyclist exposure, number of driveways, etc. From this data, a risk level is calculated and a corresponding design speed is determined. The TAC manual has automated this process into an electronic form that can be used for road assessments.

The characteristics of Graham Sideroad (Cty Rd 20 to Rd 2 East) include:

- Two lane, low volume, rural roadway posted at 80 km/h
- Surrounding land use is primarily agricultural
- 5 residential properties front this section of Graham
- Main function is to provide access to intersecting provincial, county, and local roads
- Municipal drain on the east side of road
- No active transportation facilities
- Low collision history

The characteristics were evaluated using the TAC automated speed assessment form. The resulting recommendation is a speed posting of 80 km/h. A copy of this assessment is attached in Appendix D.

The second approach compares the 85th percentile speed ("PS") to the posted speed. The 85th PS is the speed at which 85% of traffic is travelling at or below. The 85th PS is used as a main indicator for setting the appropriate posted speed based on the reasoning that 85% of drivers are in general reasonable and travel at a speed in which they can avoid a collision. Setting a speed limit in accordance with the 85th PS is premised on safety research that concludes this speed yields the lowest crash risk for drivers.

TAC indicates the 85th PS should be within +/- 20% of the posted speed limit (between 64 km/h and 96 km/h in this case). Speeds were recently collected on Graham Sideroad and an 85th PS of 90 km/h was recorded (within the accepted range). This is an indication that the speed limit is consistent with the characteristics of the road. Lowering the posted speed to 60 km/h without changing the characteristics of the road will yield low compliance.

It is recommended the posted speed on Graham Sideroad remain at 80 km/h.

Road 2 East and Graham Sideroad are short term reconstruction projects that may incorporate design elements such as curb and active transportation facilities. Once complete, consideration could be given to reducing the speed of a block of roads northeast of the Kingsville core to 60 km/h as this will yield better compliance. This would include Road 2 East, Road 3 East, Peterson Road, Kratz Sideroad, and Graham Sideroad (south of Highway 3).

LINK TO STRATEGIC PLAN

To promote a safe community.

FINANCIAL CONSIDERATIONS

All costs for signage as a result of Council's direction will be expensed to the 2020 Public Works Operational Budget. Typical costs range between \$300 and \$500 for all signs and materials for each proposal, if approved.

To The Town of Kingsville

We the undersigned request a reduction of the speed limit from Seacliff Drive to the 2nd Concession to 60 km/hr on the Graham Side Rd. This will help to ensure some margin of the safety to the many walkers, joggers, cyclist and migrant workers who wish to use this road to access the Greenway and greenhouses from the subdivisions south of Seacliff Dr. It is a dangerous road because of its poor condition and deep ditch. Also, there is an increased volume of traffic and many are inconsiderate drivers who neglect the current speed limit and seemingly ignore the safety of the pedestrian traffic. Please

RE: Cottam Community Improvement Plan Application by

1670057 Ontario Ltd. 127 County Road 34 W

Pt. Lot 270, Concession STR, Parts 4 & 9, RP 12R 16608

Report No.: PS 2021-004

AIM

To provide the Mayor and Council with details regarding an application for funding under the Cottam Community Improvement Plan.

BACKGROUND

In November of 2017 Council approved the Cottam Community Improvement Plan and associated funding to support, maintain and enrich the Cottam downtown area by realizing the benefits of the area. The overall funding plan was to provide a total of \$50,000 over a five year time frame. Qualifying projects under the CCIP would be eligible for up to 25% of the cost of the project up to a maximum of \$2,500. Qualifying project could be one of the following:

- 1. Façade Upgrading & Improvement
- 2. Accessibility Upgrades
- 3. New Signage
- 4. Permanent Landscaping Infrastructure
- 5. Energy Efficiency Improvements

DISCUSSION

The subject property is located at 127 County Road 34 W and is a commercial building currently being renovated to house OG Pizza. The owners received a grant in late 2020 for the installation of a new door and windows on the front under the Cottam CCIP. This type

of work was considered as facade upgrading and improvement. A new application has been submitted to the Town for additional funding for the proposed installation of a door opener for the main entrance in order to improve accessibility. Total cost of the project is \$2,500 and would be consistent with the accessibility category under the CCIP funding. A total of 25% of the project cost or \$625 is eligible.

LINK TO STRATEGIC PLAN

Promote the betterment, self-image and attitude of the community.

FINANCIAL CONSIDERATIONS

A total of \$20,000 was allocated to the initial year of the CCIP in 2018. No grants were awarded that year and the funds were placed in reserve. Three grants were awarded in 2019 leaving \$12,500. One grant was awarded in 2020. The remaining \$8,000 will remain in reserves and continue to be available for funding requests in 2021. The overall budget for the program was \$50,000. Once the initial reserves are utilized additional funds will need to be allocated through the annual budget process.

RECOMMENDATION

That Council:

Approve the Cottam Community Improvement Plan funding application for the purchase and installation of an accessible door opener as an accessibility upgrade for 127 County Road 34 W in the amount of \$625 representing 25% of the cost of proposed project.

RE: Lions Club Fundraising Campaign – Lions Park Playground

Report No.: IED 2021-05

AIM

To inform Council of the proposed fundraising campaign by the Lions Club of Kingsville to fund a new playground structure and accessible surrounding surface area at Lions Park. To further obtain a commitment from Council to build the playground structure, if the Lions Club raises sufficient funds.

BACKGROUND

The Town of Kingsville is grateful for the ongoing work of the Lions Club of Kingsville within the Town of Kingsville. Their volunteerism and efforts are greatly appreciated.

The Lions Club of Kingsville have a living legacy of contributions within the municipality supporting many initiatives, special events, ongoing programs, and projects.

In 2019, the Manager of Municipal Facilities and Properties and Mayor attended a Lions Club Executive meeting and were provided an update on the initial considerations and redevelopment of the parklands at the Lions Park property. At that time, proposals for a trail and multi-use path, new playground, new basketball and a multi-purpose hardcourts were presented for the clubs information.

In the first quarter of 2020, the Lions Club reconnected with Mayor Santos to express an interest in pursuing a new community project and queried of how the Lions Club of Kingsville might be able to support the ongoing development of Lions Park. In a series of exchanges and discussions held by the Lions Club membership and updates on the phased-plan approach for the Lions Park development, the Lions Club advised that the membership had confirmed their intentions to provide a leading sponsorship for an accessible playground installation.

DISCUSSION

Following the Lions Club's review of the location, design concepts, and securing confirmation from the organizations non-for-profit fundraising licensing (bingos, etc.), they confirmed in early September 2020 that the Lions Club of Kingsville will pledge \$65,000 towards the new playground equipment.

The Town will assist with collecting contributions and/or donations along with issuing corresponding tax receipts as applicable. The Town will agree to hold collected funds in a specific reserve allocated to the playground structure derived from ongoing community fundraising efforts and donations set out by the Lions Club of Kingsville.

Appendix A of this report contains the approved concept design of the Lions Park Master Plan for Development. Council approved this design in July 2018. The implementation of the playground equipment is included in Phase 3 of the development plans which is tentatively scheduled to occur in 2022. Currently, the Town will look to proceed in entering Phase 2 of the development project with its completion in 2021.

Attached in Appendix B is a letter from the Lions Club of Kingsville indicating their support for the proposed donation.

The Lions Club of Kingsville will be consulted and requested to provide input on designs received while accepting that the Town shall maintain oversight and final decision-making authority over all aspects within the project.

The Mayor will be providing a letter of understanding to the Lions Club to confirm these arrangements and the commitment of Council.

LINK TO STRATEGIC PLAN

Improve recreational and cultural facilities and opportunities within the Town of Kingsville.

FINANCIAL CONSIDERATIONS

\$65,000 of donations from the Lions Club provided towards playground equipment and related surfacing with annual installments of \$6,500.

There is always some degree of uncertainty regarding the success of fundraising campaigns. It is management's understanding that the Lion's Club intends to run their campaign until June 2021. Given this timeline, the Town will know how successful the campaign is before committing to the construction of the playground. If the campaign is not successful, Council will need to make a decision whether or not to proceed with the project. If the decision is made to not proceed, any donations will be returned to the donors.

RE: MOTION REGARDING - Insurance

The following resolution was passed by the Council for the Municipality of Charlton and Dack on December 18th, 2020:

WHEREAS the cost of municipal insurance in the Province of Ontario has continued to increase – with especially large increases going into 2021.

AND WHEREAS Joint and Several Liability continues to ask property taxpayers to carry the lion's share of a damage award when a municipality is found at minimum fault;

AND WHEREAS these increases are unsustainable and unfair and eat at critical municipal services;

AND WHEREAS the Association of Municipalities of Ontario outlined seven recommendations to address insurance issues including:

- 1. The provincial government adopt a model of full proportionate liability to replace joint and several liability.
- 2. Implement enhancements to the existing limitations period including the continued applicability of the existing 10 day rule on slip and fall cases given recent judicial interpretations and whether a 1 year limitation period may be beneficial.
- 3. Implement a cap for economic loss awards.
- 4. Increase the catastrophic impairment default benefit limit to \$2 million and increase the third party liability coverage to \$2 million in government regulated automobile insurance plans.
- 5. Assess and implement additional measures which would support lower premiums or alternatives to the provision of insurance services by other entities such as non profit insurance reciprocals.
- 6. Compel the insurance industry to supply all necessary financial evidence including premiums, claims and deductible limit changes which support its

- and municipal arguments as to the fiscal impact of joint and several liability.
- 7. Establish a provincial and municipal working group to consider the above and put forward recommendations to the Attorney General.

THEREFORE BE IT RESOLVED THAT the Council for the Municipality of Charlton and Dack call on the Province of Ontario to immediately review these recommendations and to investigate the unethical practice of preferred vendors who are paid substantial amounts over industry standards, despite COVID 19 delays, as insurance premiums will soon be out of reach for many communities.

AND FURTHER BE IT RESOLVED THAT this motion be provided to the Honourable Doug Ford, Premier of Ontario, the Honourable Rod Phillips, Minister of Finance, the Honourable Doug Downey, Attorney General of Ontario, the Honourable John Vanthof, MPP for Timiskaming- Cochrane, and all Ontario municipalities.

Premier Doug Ford Legislative Building, Queens Park Toronto, ON M7A 1A1

Dear Premier Ford:

Speeding on provincial, county and municipal roadways continues to put the lives of Ontarians at risk. While we have access to several tools to help mitigate speeding traffic, the one tool that is currently not fully available to us is Automatic Speed Enforcement (ASE) (aka Photo Radar). Over the past decade, in South West Oxford the vast majority of charges laid are for drivers travelling well in excess of the posted speed limit. The cost of providing police time for something that could be done through the use of technology is disturbing to our council. The Council feels that it would be far more effective to have police concentrate on other problems such as Break and Enters, illegal drugs and domestic problems.

We need a way to address the poor behaviours and habits that are putting our citizens at risk and tying up much needed first responder resources that could be better utilized to improve the well-being of our communities. Speeding, particularly through our small villages, creates community concerns for the safety and wellbeing of our children and other vulnerable members. We need your help.

In keeping with this The Council of the Township of South-West Oxford duly moved and carried the following resolution at the regular meeting held on January 5, 2021:

...RESOLVED that the Council of the Township of South-West Oxford provide direction to the Clerk to send a letter to the Premier, MPP Ernie Hardeman, AMO and all Ontario municipalities in support of the use of Automatic Speed Enforcement (photo radar) by municipalities.

Please help municipalities in the Province by passing the necessary regulations for municipalities to use ASE (if they choose) that will bring about the driving behavioural changes we need.

We look forward to your help with this issue.

Yours truly.

Re: Schedule 8 of the Provincial Budget Bill 229, Protect, Support and Recover from COVID-19 Act

WHEREAS the Ontario Government proposes amendments to the Crown Forest Sustainability Act in Schedule 8 of the Provincial Budget Bill 229, Protect, Support and Recover from COVID-19 Act (Budget Measures), 2020;

WHEREAS the Crown Forest Sustainability Act applies to almost two thirds of Ontario's land base which amounts to over 70 million hectares of land that is habitat for many species at risk;

WHEREAS Bill 229 schedule 8 amends the Crown Forest Sustainability Act in order to exempt all forestry operations from mandatory consideration of species at risk protection and recovery as mandated by the Endangered Species Act;

WHEREAS Bill 229 schedule 8 removes the ability to issue orders in circumstances when there is imminent danger to a species at risk;

"704-2020

Moved By Councillor Kimberly DeYong Seconded By Councillor Larry Patterson

Attention: Premier Doug Ford

WHEREAS the health and safety of Ontarians is the number one priority and health is a state of physical, mental and social well-being, not merely the absence of disease;

AND WHEREAS many businesses rely on the holiday season for their financial strength and whereby these businesses have faced unprecedented difficult times throughout 2020 due to the COVID-19 pandemic restrictions;

AND WHEREAS closing our small local businesses during the holiday season means many will not survive and business owners and their employees will lose their livelihoods;

AND WHEREAS the Town of Kingsville's commercial businesses are predominately made up of small independently owned businesses and closing them will force residents to travel out of town into larger crowds increasing their exposure to COVID-19;

AND WHEREAS our small independent businesses have every reason to keep customers safe and are able to ensure limited capacity, customer contact tracing and disinfecting in-between customers and may be able to offer curb-side and delivery.

NOW THEREFORE BE IT RESOLVED that the Town of Kingsville calls upon the Premier of Ontario, Doug Ford, as well as the Ontario cabinet and Health officials, to protect the health of Ontarians and our small businesses by allowing them to remain open to in-store sales and service with limited capacity and increased safety measures;
