## REGULAR COUNCIL MEETING

HELD

May 8<sup>th</sup>, 2018

No. 2018-165

Moved by Councillor Kelly

Seconded by Councillor Voyer

WHEREAS municipal governments in Ontario do not have the right to approve landfill projects in their communities, but have authority for making decisions on all other types of development;

AND WHEREAS this out-dated policy allows private landfill operators to consult with local residents and municipal Councils, but essentially ignore them;

AND WHEREAS municipalities already have exclusive rights for approving casinos and nuclear waste facilities with their communities; AND FURTHER that the province has recognized the value of municipal approval for the siting of power generations facilities;

AND WHEREAS the recent report from Ontario's Environmental Commissioner has found that Ontario has a garbage problem, particularly from Industrial, Commercial and Institutional waste generated within the City of Toronto, where diversion rates as low as 15%;

AND WHEREAS municipalities across Ontario are quietly being identified and targeted as potential landfill sites;

AND WHEREAS municipalities should be considered experts in waste management, as they are responsible for this within their own communities, and often have decades' worth of in-house expertise in managing waste, recycling, and diversion programs;

AND WHEREAS municipalities should have the right to approve or reject these projects and assess whether the potential economic benefits are of sufficient value to offset any negative impacts and environmental concerns;
