Re: 1628 Heritage Rd., Conc. 1 WD PT Lot 27 RR
12R25121 Part 2

Dear Members of Council,

We are writing to request your attention to a serious drainage issue which has been an ongoing problem on the front of our property for quite some time and is now worsened due to the high water on Lake Erie. Frequent openings of the adjacent outlet to the lake are only temporary (sometimes less than 1 day) solutions. There are 2 serious issues:

1. Farm drainage is at most times non-existent with water backup causing several broken tile.
2. Standing water is causing a significant west-nile virus concern for all adjacent neighbours.

We will appreciate your assistance with helping us to resolve our significant drainage issue and look forward to your response.

Regards,

Cheryl Paul-Lowe
