**Date:** September 28, 2018  
**To:** Mayor and Council  
**Author:** Tim Del Greco, Manager of Municipal Services  
**RE:** Marsh Sideroad – Cost of Surface Treatment  
**Report No.:** MS 2018 - 43

---

## **AIM**

To provide Council the cost of applying asphalt surface treatment to Marsh Sideroad.

## **BACKGROUND**

During the September 24<sup>th</sup> 2018 Council Meeting, the following motion was approved:

### **536-2018**

**Moved By** Councillor Larry Patterson

**Seconded By** Councillor Thomas Neufeld

That Administration prepare a report regarding when the gravel portion of Marsh Sideroad beginning at Highway 3 to County Road 27 will be surface treated, tar-and-chipped, or asphalted as residents have appeared before Council and have had no answers as to when this will be completed.

## **DISCUSSION**

The gravel segment of Marsh Sideroad as identified above measures approximately 1,472 meters in length. There are seven residential properties within this segment, all of which are surrounded by agricultural farmland. The average daily traffic as identified in the 2011 Kingsville Roads Needs Study is 104 vehicles.

Surface treatment of Marsh Sideroad is not identified as a priority or recommended initiative in the Kingsville Transportation Master Plan or the Municipal Services Five Year Capital Plan. As a result, there are no immediate or short term plans for applying surface treatment to this road segment.

A resident of this road segment recently requested new gravel be added to the roadway to improve grading and drainage conditions. In October of 2018, this request was completed using funds allocated in the Public Works Operational Budget. The work included the addition of new gravel to the roadway, grading, an application of calcium chloride (dust control), and rolling.

### **LINK TO STRATEGIC PLAN**

To become a leader in sustainable infrastructure renewal and development.

### **FINANCIAL CONSIDERATIONS**

The approximate cost of applying asphalt surface treatment to Marsh Sideroad from County Road 27 to Road 8 West is \$115,000.

### **CONSULTATIONS**

Kingsville Municipal Services

### **RECOMMENDATION**

That Council receives this report regarding surface treatment of Marsh Sideroad from County Road 27 to Road 8 West.
