Good Morning Windsor-Essex:

As many of you may already know, our local Hyperloop SpaceX team has made it to the final rounds of the Hyperloop Pod Competition. This is a huge accomplishment for this region as we are one of only two Canadian teams to make the list.

**WINDSOR STAR:** <https://windsorstar.com/news/local-news/uwindsor-st-clair-college-team-in-prestigious-spacex-competition>

The team is now fully focused on the build portion of the Pod and fundraising to bring it to light. As many of you are well connected to the Manufacturing community, I am sharing with you a list of materials that they need. They will gladly take cash donations however they understand that some companies might prefer to donate materials.

You can also donate to their Go Fund Me campaign at: <https://www.gofundme.com/windsor-hyperloop-pod-competition>

On behalf of the UWinLoop team, thank you in advance for any support.

Thanks,  
Yvonne

Good Morning Yvonne,

I hope you had a nice and festive weekend.

I am writing to you because we were able to finalize our material sponsorship list. Attached to this email is our sponsorship package as well as three alternate versions of our material list; an excel spreadsheet, PDF and a more generic less detailed list.

Giving you a couple of options for how you wish to deliver the material. Let me know if you require any additional information for Tuesday's or Thursday's meeting.

Likewise, if you feel it would be beneficial for myself or a member of the team to be there to represent uWinLoop let me know.

Thank you so much for your continued support,  
Solange Rennie
