Subject: Scouting Question

Sandra, I am writing to ask a question. I am a Scouter with Second Cottam Scouts. I previously asked about hanging the Scouts Canada logo on the signposts coming in and out of town (Cottam). (like the rotary club has for example) I was told that I would need to bring a sample and ask the town council for approval.

It would simply be the Scouts Canada Logo on at 10"x10" piece of corrugated plastic sheet as below.

Please let me know what you think?

Thanks!

Dan
