Subject: Ammendment to bylaw 72-2001

I would like to take this opportunity to encourage the council to ammend bylaw 72-2001 in order to allow residential open air burns.

Our neighbouring municipalities have variances of this bylaw. All, with the exception of The City of Windsor, allow a small open air burn within their residences.

Please accept the following as examples of how other municipalities are handling their burn bylaws.

The Town of Amherstburg requires \$25 permit fee seasonally with a site inspection.

The Town of Essex allows campfires and do not require a permit, provided they fall within the limits set out in their by-law.

Lakeshore requires no permissions if rules are followed for all categories.

Lasalle allows recreational fires within the confines of their bylaw.

The municipality of Leamington requires a \$20 annual fee with an initial site inspection.

Thank you for your attention to this matter. I look forward to enjoying a crackling fire in the cool of a fall evening.
