RE: Application for Part Lot Control Exemption by
HTM Management Inc.
12 & 14 Mettawas Lane
Pt. of Lots 28 & 29, Part of Walkway & Pt. Blks. C & D RP 965 & Pt.

Report No.: PS 2021-044

RECOMMENDED ACTION

That Council:

Enact Part Lot Control By-law 61-2021 to allow Part of lots 28 & 29, Part of Walkway & Part of Blocks C & D, Plan 965 & Part Water Lot in Front of Lot 1, Concession 1 ED to be exempt from Section 50(5) of the Planning Act, and that Council authorize and direct Planning Services to forward the by-law to the County of Essex for final approval.

BACKGROUND

This lot in the Mettawas Subdivision is to be developed similarly to the other dwellings found on Mettawas Lane. The subject lands consist of a mix of partial lots from an older approved plan intended for the development of a semi-detached dwelling. Once construction is completed, the dwelling is then subdivided into individual freehold units. In order to undertake conveyance of each of the individual units exemption from part lot control is required which then provides the developer the ability to convey the units via completion of a reference plan. Part Lot Control is typically approved for three (3) years

DISCUSSION

The subject properties are designated Residential in the Official Plan and zoned 'Residential Zone 3 Urban Exception 17 (R3.1-17)' under the Kingsville Comprehensive Zoning By-law.

For a Sketch of the Proposed Lots, please refer to highlighted lots in Appendix A.

Subsection 50(7) of the *Planning Act* authorizes Council to pass a by-law providing that the part lot control provisions of Section 50(5) of the said Act do not apply to lands designated in the by-law. The exemption will allow for the semi-detached dwelling (currently under construction) to be subdivided into two individual units. The application is not subject to a public hearing or appeal because Council has already approved the entire subdivision in principle and the zoning of the lands is in place to accommodate the final lot fabric. This is a common approach for creation of individual semi-detached or townhouse units within a plan of subdivision, particularly once an approval has been registered. This is the final step in allowing the full build out on the subject lands.
