Applicant: CHRIS MALOTT FARMING

The following is provided as a result of our review of Application for Consent B-07-21 and Zoning By-Law Amendment ZBA-02-21 and. The owner is proposing to create 3 identical new residential lots, each with 39.62 m (130 ft.) of frontage on County Rd 34 W and each with 0.35 ha (0.86 ac.) in area.

DELEGATED RESPONSIBILITY TO REPRESENT THE PROVINCIAL INTEREST IN NATURAL HAZARDS (PPS) AND REGULATORY RESPONSIBILITIES OF THE CONSERVATION AUTHORITIES ACT

The following comments reflect our role as representing the provincial interest in natural hazards as outlined by Section 3.1 of the Provincial Policy Statement of the *Planning Act* as well as our regulatory role as defined by Section 28 of the *Conservation Authorities Act*.

The above noted lands are subject to our Development, Interference with Wetlands and Alteration to Shorelines and Watercourses Regulation under the *Conservation Authorities Act* (Ontario Regulation No. 158/06). The parcel falls within the regulated area of the Rose Drain. The property owner will be required to obtain a Permit and/or Clearance from the Essex Region Conservation Authority prior to any future construction or site alteration or other activities affected by Section 28 of the *Conservation Authorities Act*.

The newly created lots will not be subject to Section 28 of the Conservation Authorities Act as those lots will fall outside our regulatory boundaries.

PLANNING ADVISORY SERVICE TO PLANNING AUTHORITIES - NATURAL HERITAGE POLICIES OF THE PPS, 2020

The following comments are provided from our perspective as an advisory service provider to the Planning Authority on matters related to natural heritage and natural heritage systems as outlined in Section 2.1 of the Provincial Policy Statement of the *Planning Act*. The comments in this section do not necessarily represent the provincial position and are advisory in nature for the consideration of the Planning Authority.

We note that the subject property is adjacent to (within 120 m of) a natural heritage feature that may meet the criteria for significance under the PPS. Section 2.1.8 of the PPS, 2020 states – “Development and site alteration shall not be permitted on adjacent lands to the natural heritage features and areas identified in policies 2.1.4, 2.1.5 and 2.1.6 unless the ecological function of the adjacent lands has been evaluated and it has been demonstrated that there will be no negative impacts on the natural features or on their ecological functions.”

Notwithstanding the above noted references to the PPS policies, we note that the proposed development is either adequately setback and/or physically separated from the natural heritage feature by existing development or infrastructure. Therefore, we do not anticipate any negative impacts associated with the proposal. Based on our review, we have no objection to the application with respect to the natural heritage policies of the PPS.

FINAL RECOMMENDATION

With the review of background information and aerial photograph, ERCA has no objection to this application for Zoning By-Law Amendment and Consent. However, we advise that the Town of Kingsville should confirm legal drainage outlets for the lots being created.
