NOTICE OF PUBLIC MEETING: ZONING BY-LAW AMENDMENT (CORRECTION)

APPLICATION: ZONING BY-LAW AMENDMENT FILE ZBA/23/21
(Section 34 of the Planning Act, R.S.O. 1990, C.P. 13)

APPLICANT: Town of Kingsville

LOCATION OF PROPERTY: 244B County Road 34 W

PURPOSE OF APPLICATION:

The subject property contains an existing light industrial building used for cabinet manufacturing, and a warehouse building. The property owner was recently granted site plan approval for an addition to the existing light industrial building which includes secondary office and showroom uses. Construction of the addition has started.

Staff were recently contacted asking about certain improvements that were to be included on the property as a result of a 1990 OMB decision for the expansion of the former tool and die use on the site. In reviewing the current approved site plan there is some landscaping proposed in the area abutting the neighbour in question.

The site plan portion of this can be addressed with the addition of more landscaping. A more significant item is the zoning of the property. In 1990 the zoning was approved via OMB order as M1-1 at the front and A1 at the rear. This was completed however when the former Gosfield North, South and Kingsville zoning by-laws were consolidated we believe that the site-specific provisions were not properly carried forward. The M1-1 zoning referred to lands within the new Ruthven industrial park unintentionally permitting a wide variety of uses not originally approved for this site. This issue had been identified in 2017 and the text and physical mapping updated however the electronic mapping had not been updated. Staff reviewing the site plan at the time referred to the M1-1 zoning shown on the electronic mapping and referred to the M1-1 in the text which permitted the existing use. With this issue now known staff are proposing to amend the zoning back to a site-specific limited M1 zone reflective of the OMB decision in 1990 but permitting the cabinet shop rather than a tool and die shop.
