

THE CORPORATION OF THE TOWN OF KINGSVILLE

DRAFT BY-LAW 7 - 2023

Being a by-law to impose Water and Sewage Rates

WHEREAS pursuant to section 391 of the *Municipal Act, 2001*, S.O. 2001, c.25 (the “Act”), a municipality may pass by-laws imposing fees or charges on persons:

- a) for services or activities provided or done by or on behalf of it;
- b) for costs payable by it for services or activities provided or done by or on behalf of any other municipality or any local board; and
- c) for the use of its property including property under its control,

and such fee or charge imposed for capital costs related to services or activities may be imposed on persons not receiving an immediate benefit from the services or activities but who will receive a benefit at some later point in time.

AND WHEREAS the costs included in a fee or charge may include costs incurred by the municipality related to administration, enforcement and the establishment, acquisition and replacement of capital assets.

AND WHEREAS section 394(2) of the Act provides that a fee or charge may be based on, be in respect of or be computed by reference to the location of the property, the physical characteristics of property, including buildings and structures on the property, or the zoning of property or other land use classification.

AND WHEREAS section 1 of the Act indicates that the definition of a “public utility” includes a system that is used to provide water and sewage for the public.

AND WHEREAS section 398 of the Act indicates that fees and charges for the supply of a public utility imposed by a municipality on a person constitute a debt of the person to the municipality and that such fees and charges may be added to the tax roll for the property in the municipality to which the public utility was supplied and be collected in the same manner as municipal taxes.

AND WHEREAS section 81 of the Act provides that, in addition to recovering all fees and charges payable, a municipality may, on reasonable notice, shut off the supply of a public utility to land if fees or charges payable by the owners or occupants of the land for the supply of the public utility to the land are overdue.
