

**Date:** January 27, 2025

**To:** Mayor and Council

**Author:** Lu-Ann Marentette, Drainage Superintendent

**RE:** No. 47 Drain – North Branch of the East Branch  
Realignment for Intersection Improvements

---

## **RECOMMENDED ACTION**

That report prepared by Rood Engineering, dated December 23, 2024, on the No. 47 Drain – N Branch of the East Branch for a realignment of a portion of the drain for the Intersection of County Road 29 and Road 5 improvements, pursuant to Section 78 of the Drainage Act, **BE ADOPTED.**

## **BACKGROUND**

Staff received a request from the Road Authority, Tim Del Greco of the Town of Kingsville to realign a portion of the municipal drain to improve the intersection of County Road 29 and Road 5. Rood Engineering was then appointed to create the report.

## **DISCUSSION**

The Engineer has provided his report dated December 23, 2024. A portion of the drain needed to be realigned to have a better configuration at the intersection therefore the report provides for same. The owner of the farmland at roll #410-06100 has been involved with the report and an 8m x 20m strip of land has been taken to accommodate this realignment.

## **FINANCIAL CONSIDERATIONS**

The owner of roll # 410-06100 will be entitled to an allowance and damages in the amount of \$809.00.

Total estimated cost of the engineering is \$5,701.00.

Note: Construction has already happened through the County of Essex contract.

## ENVIRONMENTAL CONSIDERATIONS

Report sent to ERCA for review and comments. The permit application and fee was included in the County of Essex contract.
