

March 5, 2025

The Mayor and Council
Town of Kingsville
2021 Division Road North
Kingsville, Ontario
N9Y 2Y9

Gentlemen and Mesdames:

Re: Linden Beach Relief Drain Section 76 Report

In accordance with your instructions, R. Dobbin Engineering Inc. has undertaken an investigation with regards to revising the assessments for maintenance of the Linden Beach Relief Drain in the Town of Kingsville.

Request for Drainage Report

This Report is being carried out under Section 76 of the Drainage Act.

Section 76 of the Drainage Act states that “the Council of the Municipality liable for contribution to a drainage works in connection with which conditions have changed or circumstances have arisen such as to justify a variation of the assessment for maintenance and repair of the drainage works may appoint an Engineer for such purpose and adopt such report”.

Due to the proposed addition of development lands within Lot 8, 9 and 10, Front Concession and the existing residential lots that have been added in Lot 11 and 12, Front Concession a new maintenance schedule is required.

Existing Conditions

The Linden Beach Relief Drain outlets into Wigle Creek in Lot 12, Front Concession. It continues easterly as an open channel to the east limit of Lot 9, Front Concession.

History

The Linden Beach Relief Drain was originally constructed under an Engineer’s Report dated January 3, 1990 by Lou Zarlenga, P. Eng. The purpose of the drain was to intercept storm surface runoff from upstream agricultural lands which was adversely affecting residential lands south of the relief drain.

The Linden Beach Relief Drain was last improved under an Engineer's Report dated April 3, 1996 by Don Joudrey, P. Eng. Under this report the drain was re-routed in Lot 10 and 11, Front Concession in order to accommodate the construction of a sewage treatment plant.

On-Site Meeting

A site meeting was held on May 10, 2024.

The following were present at the meeting:

- Josh Warner (R. Dobbin Engineering)
- David Moores (R. Dobbin Engineering)
- Lu-Ann Marentette (Drainage Superintendent, Town of Kingsville)
- Halliday Pearson (Baird A.E., Engineer for Valente Subdivision)
- Mark Fishleigh (County of Essex)
- Jim Shean (Landowner)
- Linda Shean (Landowner)
- Marion Higginbottom (Landowner)
- Edward Higginbottom (Landowner)
- Joe Gibson (Landowner)
- Sue Gibson (Landowner)
- Rick Janisse (Landowner)
- Vince Peschisocido (Landowner)
- Mark Fulton (Landowner)
- Doug Cooper (Landowner)
- Laurie Cooper (Landowner)
- Ken Rowland (Landowner)
- Kim Rowland (Landowner)
- Peter Zanvyo (Landowner)
- Sandy Duncan (Landowner)
- Bruce Duncan (Landowner)
- Lawrence Borys (Landowner)
- Barry Osmond (Landowner)
- Allison Norton (Landowner)
- Allison Vilardi (Landowner)
- Robert Webb (Landowner)
- Dave Klein (Landowner)
- Karen Klein (Landowner)
- Jim Visentin (Landowner)
- Nanny Visentin (Landowner)
- Cathy Ferguson (Landowner)
- Josh Ferguson (Landowner)
- Peter Dewitt (Landowner)
- Ketih Illman (Landowner)
- Doris Kostolnik (Landowner)
- Karly Kennedy (Landowner)

The following is a brief summary of the meeting:

- General discussion of the Drainage Act and Landowners rights under the Drainage Act.
- It was discussed that the Town is looking to do maintenance on the Linden Beach Relief Drain. With the addition of the developed lands within Lot 11 and 12, Front Concession and the proposed addition of lands within Lot 8, 9 and 10, Front Concession a new maintenance schedule is required to fairly assess out the cost of the work.

- It was discussed that the cut-off assessment to the residential properties south of the drain in Lot 9 and 10, Front Concession would be removed as the surface waters north of the drain would be outletting near Conservation Boulevard.
- It was discussed that the drain upstream of the proposed development outlet may be abandoned, but this would need to be completed in accordance with Section 84 of the Drainage Act.

Discussion

The proposed development in Lots 8, 9 and 10, Front Concession is proposed to have a free release to the Linden Beach Relief Drain due to the proximity to Wigle Creek and Lake Erie. Therefore, the Linden Beach Relief Drain and Wigle Creek drainage systems have been modelled by Baird A.E. to ensure there are no adverse effects on the systems by the increased drainage area and runoff rate. This modelling and report have been accepted by the Essex Region Conservation Authority.

Estimate of Cost

The Engineering Cost for preparation of this report is \$12,200. This includes attendance at the Meeting to Consider the Report and Court of Revision. Appearances before appeal bodies have not been included in the cost estimate. The engineering amount shall be assessed out in accordance with the Schedule of Maintenance contained in this report.

Assessment

The Engineering Cost for preparation of this report shall be assessed in the proportions contained in the Schedule of Assessment contained in this report.

The Schedule of Maintenance contained in this report has been assessed with 20% assessed to the benefitting property and the remainder assessed as an outlet assessment to upstream lands and roads based on equivalent hectares. The properties being developed upstream of Conservation Boulevard have been assessed at an increased runoff rate of 0.68 as contained in the Stormwater Management Report dated June 13, 2024 by Baird A.E.

Maintenance

The existing culvert on Conservation Boulevard shall be maintained and repaired with 100% of the cost assessed to the Road Authority for Conservation Boulevard.

The remainder of the Linden Beach Relief Drain shall be assessed in the proportions contained in the applicable schedule contained in this report. The Schedule of Assessment shall be utilized for the assessment of maintenance cost prior to the development of the Valente Subdivision in Lot 8, 9 and 10, Front Concession. Following the full development of the Valente Subdivision the Schedule of Maintenance shall be utilized to assess out any maintenance cost.

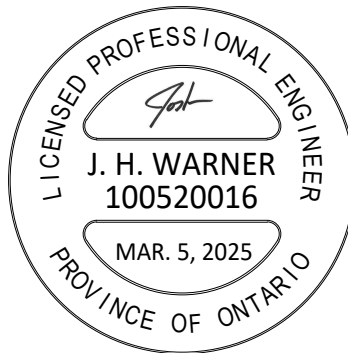

All additional costs as a result of a utility shall be assessed to that utility as per Section 26 of the Drainage Act.

All of the above is submitted for your consideration.

Yours truly,

Josh Warner, P. Eng.
R. Dobbin Engineering Inc.

SCHEDULE OF ASSESSMENT

Schedule of Assessment for Preperation of Section 76 Report and Schedule for Maintenance prior to Development
