RE: Fencing By-law Update – Salvage Yards

Dear Business Owner:

The Town is undertaking a review and update of the current Fencing By-law and is proposing the addition of regulations for any new salvage yards. Attached is the draft version of the by-law with the proposed changes and additions in red. Please review the attached document and provide comment if any. The hope is to have the final version of the by-law presented to Council for approval at the December 11, 2017 public meeting.

Regards,
