

June 20, 2017

Dear Town Council,

The Fire Prevention Officers in your communities are putting together their annual magazine. These are the men and women who educate our children in the schools and the community in fire prevention and safety.

We are asking for your support once again with an Advertisement in the magazine which will greatly help us put it together and mail it out to all the Fire Prevention Officers as well as the Fire Halls and Fire Colleges throughout Ontario for free. We have no outside funding and our only way of support is through your towns help with an advertisement in the magazine. Attached is a rate sheet for all ad sizes.

Please let me know if you will be supporting us with an Advertisement.

Regards,

Nick Kypriotis
