Dear Chief Administrative Officer, Clerk or Treasurer:

**Re: Clean Water and Wastewater Fund (CWWF)**

Thank you for your application under the Clean Water and Wastewater Fund. I am pleased to inform you that your Project(s) has/have been approved for funding and Projects may begin immediately.

The 2016 Federal Budget announced the establishment of the CWWF that proposes to invest up to \$570 million in federal funding and up to \$270 million in provincial funding in the province of Ontario. The CWWF will provide Ontario communities with vital infrastructure funding to help accelerate short term investments to support the rehabilitation and modernization of drinking water, wastewater and stormwater infrastructure, and the planning and design of future facilities and upgrades to existing systems.

Your Project(s) was/were nominated by the Province to the federal government and has/have since been approved for funding under the Clean Water and Wastewater Fund. Provided that the Recipient enters into a Transfer Payment Agreement (TPA), and subject to the terms and conditions of the TPA, the federal and provincial governments will each provide up to a maximum of 50% and 25% respectively toward the total eligible costs of the Project. **Please note that the program guidelines have been revised to permit up to 40% of eligible project costs to extend into 2018-19.** Should your project require an extension into 2018-19, please contact Infrastructure Ontario and the Province will pursue approval of this extension on your behalf. Once federal approval is received, the Province will provide you with written confirmation of your project extension.

Eligible Project costs are allowable as of April 1, 2016 and can occur until the Project completion date that will be outlined in your agreement. As well, the Province will require that the acquisition of goods and services with respect to your Project are done using a process that is transparent, fair, and promotes the best value for the money expended, and at competitive prices that are no greater than fair market value. The TPA included with this letter outlines all of the terms and conditions of the funding, including requirements regarding procurement and liability insurance.
