The following is provided for your information and consideration as a result of our review of Application for Site Plan Control SPA-19-17. The applicant is proposing to construct a 540 sq metre addition onto the existing industrial complex that manufactures roof trusses. We have reviewed this proposal with regard to our mandate and provide the following information.

NATURAL HAZARD POLICIES OF THE PPS, 2014

We have reviewed our floodline mapping for this area and it has been determined this site is **not** located within a regulated area that is under the jurisdiction of the ERCA (Section 28 of the *Conservation Authorities Act*). As a result, a permit is not required from ERCA for issues related to Section 28 of the *Conservation Authorities Act*, Development, Interference with Wetlands and Alteration to Shorelines and Watercourses Regulations under the *Conservations Authorities Act*, (Ontario Regulation No. 158/06).

WATER RESOURCES MANAGEMENT

Our office has reviewed the proposal and has no concerns relating to stormwater management.

NATURAL HERITAGE POLICIES OF THE PPS 2014

The subject property is not within or adjacent to any natural heritage feature that may meet the criteria for significance under the Provincial Policy Statement (PPS 2014). Based on our review, we have no objection to the application with respect to natural heritage policies.

FINAL RECOMMENDATION

We have no objections to this application for Site Plan Control.
