Dear Mayor and Council:

**Re: 2018 National Public Works Week
May 20 – 26, 2018
"The Power of Public Works"**

Since 1960, public works officials in Canada and the United States have celebrated National Public Works Week. This annual observance, which takes place during the third full week in May, is designed to educate the public regarding the importance of our nation's public infrastructure and services. It serves, moreover, as a time to recognize the contributions of public works professionals who work in the public interest to build, manage and operate the essential infrastructure and services of our communities. The week is organized by the Canadian Public Works Association (CPWA) and the American Public Works Association (APWA) and is being celebrated for its 58th year in 2018.

The theme for the 2018 National Public Works Week is **"The Power of Public Works."** This theme gives voice to the impact the many facets of public works have on modern civilization. From providing clean water to disposing of solid waste, to building roads and bridges or planning for and implementing mass transit, to removing snow on roadways or devising emergency management strategies to meet natural or manmade disasters, public works services determine a society's quality of life.

As a steward of your municipality's public interest, we appeal to you to lend your support to our efforts by issuing a proclamation officially recognizing May 20–26, 2018 as National Public Works Week. Enclosed for your consideration is a draft proclamation. We hope to have all proclamations in our possession by April 13, 2018.

Together, the more than 30,000 members of CPWA and APWA in North America design, build, operate, and maintain the transportation, water supply, sewage and refuse disposal systems, public buildings, and other structures and facilities essential to our economy and way of life. Their dedication and expertise at all levels of government are a capital investment in the growth, development, economic health—and ultimate

stability—of the nation. Therefore, we believe it is in the national interest to honour those who devote their lives to its service.

An effective public works program requires the confidence and informed support of all our citizens. To help public works professionals win that confidence and support, it is the mission of CPWA and APWA to promote professional excellence and public awareness through education, advocacy and the exchange of knowledge.

Through a variety of public education activities conducted by CPWA, its chapters and individual public works agencies—particularly during National Public Works Week—tens of thousands of adults and children have been shown the importance of the role of public works in society. The program also seeks to enhance the prestige of the professionals, operators and administrators serving in public works positions and to arouse the interest of young people to pursue careers in the field.

We respectfully request that you join other Canadian and U.S. Municipalities in proclaiming the importance of public works to the quality of life in our nations and affirm the contributions of public works professionals.
